MELLORI SOLUTIONS PTY LTD

ENHANCED INTELLIGENCE

mellori

MELLORI SOLUTIONS PTY LTD

Mellori Solutions is an Australian owned company providing sovereign electronic warfare testing and training services to the Australian Defence Force.

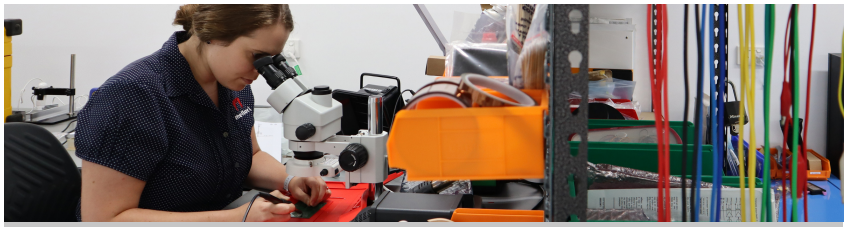
With field service support representatives in Nowra, New South Wales, Adelaide, South Australia and Toowoomba, Queensland, our dedicated and experienced electronic warfare technicians provide critical skills supporting defence intelligence and electronic warfare operations nationwide.

TESTING

Services range from controlled environment electronic warfare library testing to range based library validation and sensor accuracy testing. Ensuring electronic warfare and intelligence sensors are operational and fit-for-purpose.

TRAINING

Our technicians and specialist electronic warfare team deliver solutions to support training requirements for the Australian Defence Force. Helping build skills and confidence to operate in demanding environments.



ENGINEERING

The research and development team design, build and test radio frequency and electronic warfare systems for both government and defence applications. Delivering design solutions and sovereign capabilities to customer requirements.
