## The Ultimate in plant protection

~Want to be 'water wise'? Watering in a controlled environment needs very little water with no wastage

~Are you a keen gardener, a small commercial grower, school, council etc who needs an easy to use professional set up?

~Like to grow your own food year round!

~Tired of paying for tasteless fruit & veggies?

~Do you like your food pesticide free?

~No more sharing with pests & animals

~Like to save money by growing your own plants from seeds or cuttings?

~Want a no dig garden?

~No more bending with everything at bench height

~Want to try 'easy to use' hydroponics?

~Would you like a warm place to grow plants or relax in winter?

....then an Adloheat house is for you!
