www.marineblue.com.au

Marine Blue is a brand of high quality sunscreens developed and manufactured in Australia. The range offers multiple formulations in varying pack sizes, including the Dry Touch Lotion, the Ultra, the Faces, the Kids, the Every Day Spray and our very popular Aloe Vera Body Gel. Our packaging is very attractive, which instantly draws the consumer attention.

All of our sunscreens conform to the Australian & New Zealand Standards for sunscreens (AS/NZ 2604:2012) and are approved for human use by the Therapeutic Goods Administration of Australia (TGA), an internationally acclaimed regulatory agency.

Marine Blue was launched in the year 2000, is currently used by the Australian Defense Forces, and is supplied under contract to the NSW Health Department. In New Zealand Marine Blue is the only brand of sunscreens subsidised by the New Zealand Department of Health for the Albino population and has been endorsed by the NZ Albinism Trust association since 2012. The range is present in over 15 countries globally.

We are constantly working on innovative formulations and products to better meet our clients' needs and provide consumers with the most advanced and effective range of sun care protection available in the world.

Our headquarters and warehouse are located in a large temperature controlled and manufacturing facility in Thornleigh, Sydney. Our management team consists of industry professionals with nearly 100 years of combined experience across pharmacy, manufacturing, retail, and export.

SELLING FEATURES OF MARINE BLUE PRODUCTS

Marine Blue SPF 50+ Dry Touch Lotion

The **Dry Touch Lotion** is our core line. This very popular formulation is easily absorbed, non-greasy, and provides broad-spectrum protection. It is 4 hours water resistant, low irritant and fragrance free, being ideal for everyday use. It contains vitamin E to strengthen the skin's own defenses and Aloe Vera to moisturise. Available in 50g, 100g, 125g & 200g tubes, and 500ml & 1L pump packs.

Marine Blue SPF 50+ Ultra

The **Ultra** is for those consumers requiring a more rigorous formulation. This formulation is titanium dioxide based and offers an extra layer of mineral based protection. It is ideal for the beach and sports, and the formulation is fragrance free, low irritant and offers 4 hours water resistance. It contains Aloe Vera and vitamin E to strengthen the skin's own defenses against sun damage. Available in 100g & 200g tubes.

Marine Blue SPF 50+ Every Day Spray Trigger

The **Every Day Spray** is a convenient alternative, being quick and easy to apply. This formulation offers a superior, non-greasy skin feel, is 4 hours water resistant, fragrance free and ideal for every-day use. The moisturizing formula contains vitamin E, keeping skin soft and smooth. Available in a 200ml spray trigger pack.

Marine Blue SPF 50+ Kids

Especially formulated for children's delicate skin, the **Kids** provides reliable sun protection for children's skin. This formulation is 4 hours water resistant and helps to protect the skin barrier whilst UVA and UVB filters protect against sunburn and long-term skin damage. Ideal for everyday use. Available in a 100g tube.

Marine Blue SPF 50+ Faces

This non-oily, non-greasy formulation provides a high level of protection against sun damage and premature ageing for **Faces**. It contains vitamin E which moisturizes the skin and provides long term hydration. Its light milky texture is fragrance free and ideal for use under make-up or after shaving. Available in a 75g tube.

Marine Blue Aloe Vera Body Gel

Our very popular **Aloe Vera Body Gel** is a non-greasy, cooling and soothing gel that helps rehydrate sun-exposed and damaged skin. It presents a pleasant fragrance and is non-sticky after use. Its formulation contains aloe leaf juice, allantoin and is light and fast absorbing. Available in a 200g tube.
