Love them at Arana Hills! Makes all the difference with a full trolley and loading the car. I really hope they are rolled out in every space. - Kelly Anne

I love these and they would have been even more helpful when my twins were younger, as they rolled down the hill more than once when I turned my back for a few seconds. Best little invention ever!  
- Sylvia

Great idea, use them all the time. They stop the trolley from running into cars and you can safely put your shopping in the boot without fear of a runaway trolley. - Christine

Trolley Stoppers are awesome! I've even showed people who didn't know what they were when they were trying to hold their trolley by the car, and each time the response has been the same; what a brilliant idea :)  
- Kali

**They are great! Now we need them across the whole car park - Rhonda**

The best! Can't believe it has never been done before. So hard to get kids and shopping out of the trolley and into the car, all while trying to stop the trolley rolling down the hill! More please! - Julie

A great asset. With toddlers & groceries, it is sometimes difficult to keep the trolley from rolling off. Thanks. Use them all the time if I can get a park.

They are very handy - Roman

Got a park with one for the first time today. Brilliant! Saves my poor back from the one arm lift-and-twist while holding on to the trolley. A win!

I absolutely love this and now choose to shop at Arana Hills Plaza now because it makes my life so much easier with a small child in a trolley. It's great that the trolley stays!! These should absolutely be rolled out at every car park. I use it for the pram too! Great job! - Katie-Anne
