CRAFTED IN MELBOURNE

Our Melbourne workshop lets us do all of the crafting on site, so we can precisely control every aspect of our creative journey.

SUSTAINABILITY

As the only Australian tap maker with our own foundry, we can melt and recycle the precious brass shavings left over from our machining operations.

ENGINEERING EXCELLENCE

Each piece is crafted in Melbourne via a precision process meticulously supervised by our local engineers.

TRUE CUSTOMISATION

Sussex lets you create endless combinations of colours and finishes. And we can custom engineer to your exact dimensions.

Sussex products are covered by a 15 year replacement product warranty. To see the full Reece Product Quality Guarantee, visit www.reece.com.au/warranties

OUR STORY A FAMILY HERITAGE

Sussex was founded by a Dutch watchmaker and jeweller Nicolaas Johannes van Putten, who emigrated to Australia in 1961. Today Nick's family upholds his legacy of quality and precision while looking to the future. For the new Sussex generation, customisation and individual expression are exciting motivators for continued innovation.

**MANUFACTURING
WORLD-CLASS EXPERTISE**

Sussex is a true local company with its own foundry and manufacturing workshop in Melbourne. We create our Scala collection using rigorous methods that we pioneered and refined. Each of the six phases of our process is conducted with the closest care and attention.

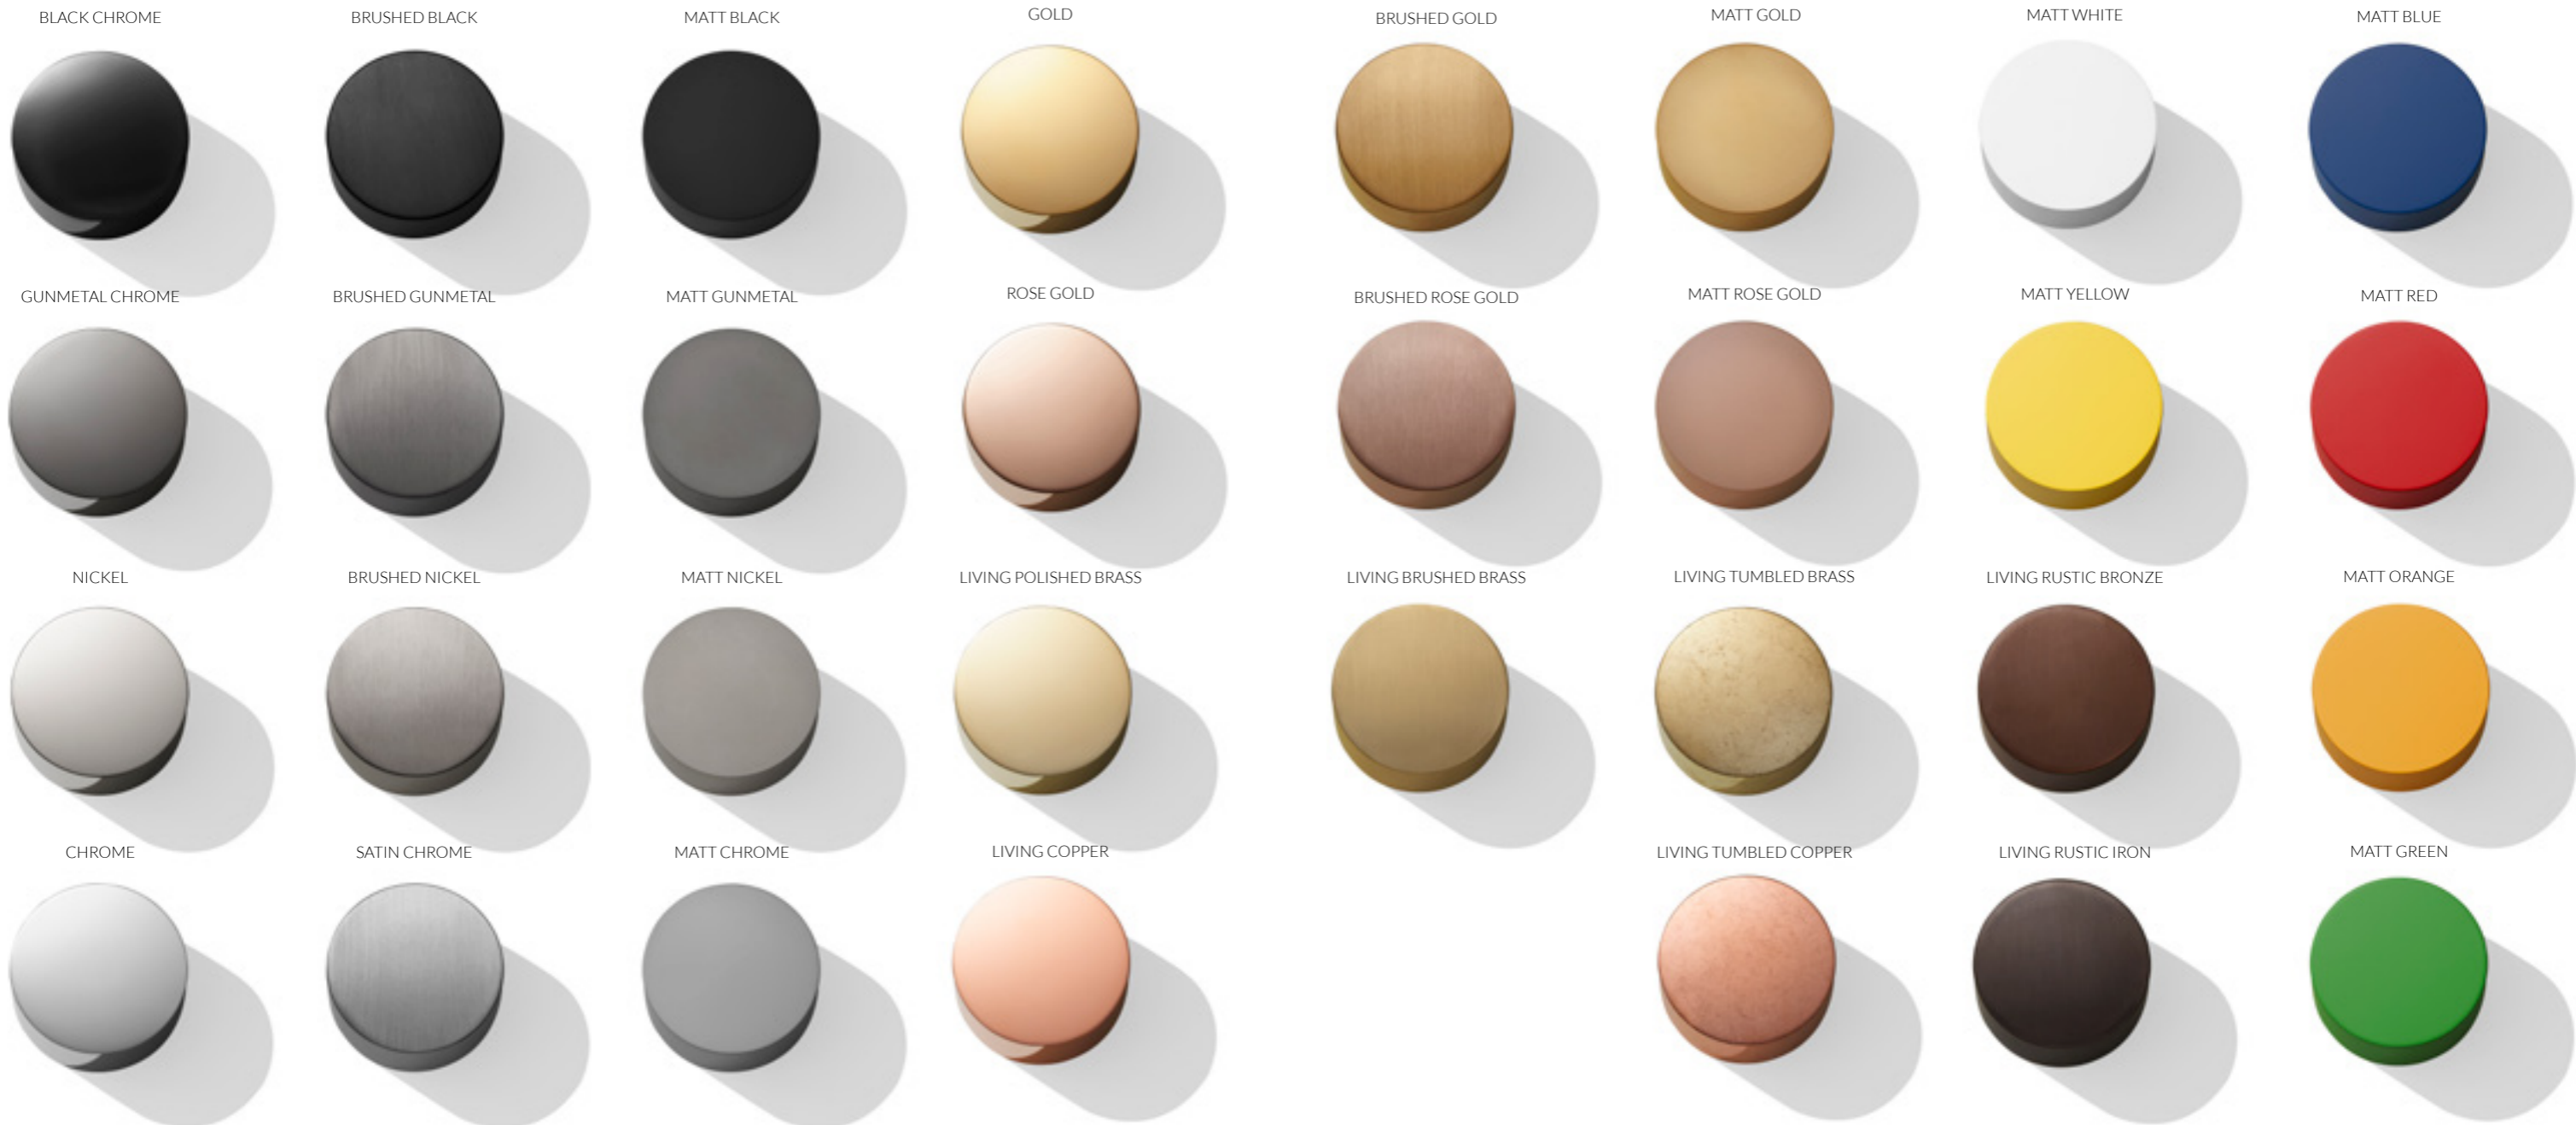

FINISH **WITH YOUR OWN STYLE**

You can choose a high-shine, high-gloss or reflective effect. Our brushed finishes have a slight grain and there's the option of flat matte finishes. Or you may prefer one of our living finishes that age naturally over time. Whether you select an opulent gold or an enigmatic black, Scala special finishes stand out in any space. And for designers, they truly set you apart from the rest of your field.

COLOUR YOUR DREAMS

The tones you picture in your imagination can be brought to life with the Sussex colour range. Ranging from vivid primary shades to subtle hues, this broad palette gives you the means to convey mood, feeling and effect.

Please contact your local Reece showroom for lead times on finishes.

CUSTOM MADE TO YOUR EXACT MEASURE

UNIQUE DIMENSIONS
BESPOKE SOLUTIONS

Renovation and building can produce complex problems and situations where standard-size tapware won't fit. However, with Sussex you don't have to compromise your vision. We can consult with you in our Melbourne design studio to customise any piece in the Scala range to your particular specifications or to meet the needs of your clients.

SCALA AN AUSTRALIAN CLASSIC

The Scala range was inspired by the easy-going spirit of the Australian lifestyle. Its clean, elegant lines and industrial cues reflect the essence of our contemporary surroundings. Scala's place in our collective imagination has made it one of Australia's timeless classics. That's why it's one of our most popular collections.

MASTERFIT A UNIQUE INNOVATION

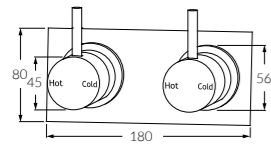

Masterfit is an innovative all-in-one installation unit for our Mixer Systems that saves time and labour costs. Its proven simplicity eliminates the need for precise measuring of the distance between fittings as the tap alignment takes care of itself.

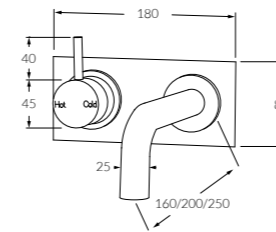

MIXER SYSTEMS

Scala mixer systems are integrated with Sussex Masterfit. This labour-saving installation system requires minimal effort. Backplates, mixers and outlets fit perfectly every time.
