

Park Furniture Australia is a Queensland based manufacturer of outdoor furniture. We proudly only use recycled materials to manufacture our products making our range the largest environmentally friendly outdoor furniture range in Queensland.

## PRODUCTS

We are manufacturers of quality outdoor furniture, all of our products are manufactured from recycled products. Our products are of the highest quality and manufactured in line with Australian Standards

Picnic settings

Park seats

Park benches

Aluminium settings

Bin surrounds

Bollards

## WHAT IS ECOPLASWOOD?

Sustainable, robust, maintenance free, comfortable and aesthetically pleasing. Park furniture solutions designed in Australia for Australian conditions that won't split, warp, crack, craze, or discolour.

ECOPLASWOOD looks and feels like natural Timber, except it is made from recycled HDPE plastic and is impervious to:

- ✓ Insects/termites
- ✓ Salt water
- ✓ Wind
- ✓ Snow
- ✓ High Temperatures
- ✓ Staining
- ✓ Graffiti

It stands up to all Australian conditions from the freezing cold of the Australian Alps to the high temperatures and humidity of Darwin.

Because EcoPlaswood is manufactured from recycled plastic packaging it is eco sustainable and environmentally friendly, saving the forests and minimising the waste going into landfill.
