

# ⚡POWERPOS

Trusted by  
Australia's Premier  
Venues

Powerful, flexible, and built for growth. PowerEPOS is a cloud-hybrid POS platform helping major hospitality organisations simplify operations and scale with ease. All backed by local support.

POS built for multi-site hospitality groups, QSRs, franchises, stadiums, theatres, arenas, entertainment venues, festivals, & large-scale events.

## Why Triniteq & PowerEPOS?

### Reduce Costs & Maximise Revenue

- ▶ Lightning-fast, intuitive POS software
- ▶ Fixed pricing model for cost certainty
- ▶ Flexible billing: monthly or daily rates

### Manage Enterprise Operations

- ▶ Multi-site stock and inventory management
- ▶ Monitor and optimise operations in real-time
- ▶ Centralised cloud-based control for all locations

“ The POS system is robust, responsive, stable, and proven to perform reliably under high-pressure event conditions, efficiently managing tens of thousands of attendees, and processing millions of dollars in food and beverage sales within a 24-hour period. I am thoroughly impressed with Triniteq’s service and highly recommend them to any organisation seeking reliable, innovative, and high-performing POS solutions.”

- **Brett Miell, Director of Technology & Digital Innovation | Perth Convention & Exhibition Centre**

### Future Proof Your Investment

- ▶ Bespoke development for ongoing innovation
- ▶ Continuous no-cost updates and upgrades
- ▶ Enterprise-grade security & compliance

### Manage Risk & Accelerate Growth

- ▶ Rapidly deploy new venues and locations
- ▶ Dedicated 24/7/365 Australian-based support
- ▶ End-to-end programming, installation, training, and project management.

“

PowerEPOS has been a game-changer for us. It's reliable, easy to use, and integrates seamlessly with our existing systems. The customer support is excellent, and it has allowed us to focus on delivering great food and service rather than worrying about tech issues. For any business looking for a fast, flexible, and powerful POS system, we highly recommend PowerEPOS.”

- Dylan Teixeira, General Manager,  
Pholklore Group
