Solo Screen

Sometimes simple problems require simple solutions. The Solo Screen is the simple answer to dividing work tops into private spaces.

Available in frosted acrylic or acoustic panel and held up by table-top mounted brackets, Solo has been optimised to be affordable and effective. The elegantly shaped brackets and rounded corners of the screen offer a contemporary look which goes well with all our workstation frames.

Features:

- Metal Brackets
- Light weight
- 50mm corner radius
- Screens from 600mm to 1200mm long come with 3 brackets
- Screens from 1210mm to 2400mm long come with 5 brackets
- Screen height is 465mm
- 15mm gap between screen and table-top
- Acrylic screen thickness is 6mm
- Acoustic panel screen thickness is 12mm
