1. PREP & PRIME

For a longer lasting effect apply WN Milk as your last step in your skincare routine and the first step in everyday makeup for your eyes, face & lips. This is also the perfect preparation for ensuring your foundation adheres more readily and smoothly with a longer lasting, naturally flawless look whilst also preventing lipsticks or glosses from bleeding or feathering.

2. BASE PROTECTION

Delivers a even and perfect colour to allow a canvas for contour and highlights. Foundation should always come first because it literally creates a foundation on which the rest of your makeup will live. And with 20+ protection and anti-inflammatory ingredients you are also protecting and nurturing your skin whether you apply further makeup or not.

3. CONCEALER & EYE HIGHLIGHTS

Highlight the brow bone, inner corners of the eye and cheek bone with the light side, then conceal more significant pigmentation, discolouration, blemishes, or dark circles.

The ultimate 100% Natural Mascara brilliance with a specially designed wand to draw close to the root, build volume, defining lashes then separating them to create a smooth, non-clogging finish with water resistance.

Wild Natures Liner is kohl and dye free, hypoallergenic, and recommended for sensitive eyes.

4. LIP HIGHLIGHT & PROTECTION

Tar free lipstick that keeps your lips and you looking and feeling fresh, radiant and quite wonderful all day, every day. The colours are just perfect to ebb and weave through your mood and wardrobe. Your Wild Nature lipstick will be your "go to" essential with superior long lasting coverage, natural sun care 20+, water resistance and wear proof with impressive staying power.

For you & your family

1. CLEANSE

Skin is exposed everyday to pollutants and disposes external waste in pores, the CLEANSING process supports your skin in removing build up and bacteria.
