

ACTIPRO ISOPROPYL ALCOHOL HARD SURFACE DISINFECTANT WIPES

MEDICAL GRADE MOIST DISINFECTING WIPES

KILLS 99% OF GERMS

MEDICAL GRADE HARD SURFACE DISINFECTANT WIPES

- Reduces spread of germs
- Ready-to-use dispensers
- Convenient top-up disinfection solution
- 70% v/v Isopropyl Alcohol
- High strength material designed for hard surfaces

PRODUCT OVERVIEW

The ideal ready-to-use disinfectant solution for quick and easy use on hard surfaces that have been previously cleaned.

Actipro Isopropyl Alcohol Antibacterial Wipes are suitable for disinfecting a variety of surfaces. They come pre-moistened so all you need to do is pull out a pre-moistened wipe and thoroughly wipe down surface and leave to dry.

Actipro Isopropyl Alcohol Antibacterial Wipes will kill up to 99% of bacteria from surfaces including keyboards, computer screens, glass, mirrors, non porous food surfaces and non-food surfaces.

- Medical grade Isopropyl Alcohol 70% pre-moistened high strength wipes
- Used to sanitise and disinfect desks, benches, sinks and general surfaces

Multiple benefits for busy environments:

- ✓ Ideal for busy offices, work stations, reception areas and disinfecting all frequently touched surfaces.
- ✓ Easily maintain hygiene on high use and high risk surfaces including desks, benches, sinks and counter tops
- ✓ Keep hard surfaces safer for longer periods of time
