

Choose from a range of accessories to enhance your Heatlie experience

Warming Drawer - keeps food warm during long cooks.

End Tables - easily attachable and removable for extra preparation room.

Lid - protects plate from the weather and other foreign invaders when not in use.

Shelf - provides storage room under the plate, between the legs.

Vinyl Cover - protect the entire BBQ from the elements.

Splash Back - protect your surrounding area from splattering fat and oil.

Flame Failure - automatically shuts off gas supply if the flame goes out for added safety.

Drain Extension - extend your fat drain to a larger collection tin underneath.

There's no shortage of what you can do with your Heatlie BBQ, so get cooking!

The toughest BBQs on the market

Heatlie BBQs are 100% Australian Made, and have been for over 40 years.

Initially designed for commercial use, where reliability and longevity are a must, home cooks can now enjoy the benefits of a Heatlie BBQ for decades of hassle-free cooking.

Heatlie BBQs utilise the power and precision of the Ribbon Burner System. This features a pair of horizontally running burners that produce an even, consistent and powerful heat.

We harness the incredible heat conduction properties of mild steel throughout our cooking plates and burners, with stainless steel options for corrosion resistance too.

All Heatlie BBQs have a 10 year warranty for domestic use, and 1 year for commercial use, but you can expect yours to be cooking well into the future.

Discover for yourself why Heatlie BBQs are the best on the market, you'll be glad you did.

Build your dream BBQ from a multitude of options

A unique and pivotal feature of Heatlie BBQs is the ability to choose from several options to form a customised and purpose fitted BBQ for your needs. Choose from...

Body Material/Finish - Stainless Steel, Powder Coated Black or Claret

Plate Size - 700, 850 or 1150

Plate Material - Mild Steel or Stainless Steel

Plate Thickness - 5mm, 10mm or 20mm

Burner Material - Mild Steel or Stainless Steel

Gas Type - LPG or Natural Gas

Mounting - Built-In or Mobile Legs

Once you've made your selections, we'll cut, grind, weld, powdercoat, polish and bolt your BBQ together right here in Australia.

Perfect for any environment or cooking application

Are you an avid home chef with a need for a powerful, heavy duty hot plate? Maybe you're from a local sporting club and need a BBQ to cook hundreds of snags for several hours on a Saturday morning?

The beauty of a Heatlie is that they're built for any use. They're Australian made for Australian conditions, with no limit to the amount they can withstand over decades of use. Heatlie BBQs are perfect for...

- Traditional barbecue lovers
- Gourmet cooks
- Caterers
- Sporting and recreational clubs
- Outdoor restaurants and food stalls

Anyone who takes barbecuing seriously, or those looking to get started, will find their dream BBQ in a Heatlie.

Buy a Heatlie and you'll never need to buy another BBQ again.
