At Houndztooth we believe that dogs are more than just pets, they're part of the family.

A healthy dog is a happy dog. This is the reason why we have developed a range of natural health supplements that takes into consideration your dog's individual health needs. Proudly Australian made and owned. Houndztooth's health supplements are a building block to your dog's health by providing essential nutrients they may not be receiving from their diet.

The good news is that you can use our natural supplements in addition to your dog's food to help boost their diet and improve their health and wellbeing. Houndztooth's supplements help to improve your dog's overall health targeting; anxiety, coat, skin, nails, joint health, gut health, immunity and puppy health. Our natural health supplements will help give your dog and puppy the nutrients they need.
