Trent

The design of the Trent series is rooted in traditional aesthetics, featuring classic lines that effortlessly blend with any decor. This collection is available in three distinct variants, each showcasing the craftsman's meticulous attention to detail and exceptional skill.

All Trent variants are made from plantation Beech and can be stained and polished to meet individual preferences. Furthermore, customisation options extend to the choice of fabrics, each offering its own unique texture and colour to personalise their chair to their taste and decor requirements, offering a personal touch in every piece.

The chairs in the Trent series are designed with comfort and proportion in mind, making them both pleasing to the eye and comfortable to use. Their well-thought-out dimensions ensure that they fit perfectly into a variety of spaces, and are likely to become your favourite for many years.
