original designer furniture for kids

We are an Australian-based furniture and lifestyle brand for children, synonymous with superior craftsmanship and luxury. Our team of local makers handcraft furniture pieces devoted to the sustainability of making investment pieces that withstand the test of time. Our commitment to uncompromising quality and detailed design is unwavering to bring kids the best that life can offer, because when things work well, life is a joy!

furniture collections

Colour Box

Solid timber encases itself around painted panels with a shadow line to create distinction.

Noa

Featuring a generously sized bed head for kids to relax into for a good bedtime read.

Ripple Oak Bed

Our latest design reveals repeated soft curves with the use of timber and textile.

Charlie

Signature hand-turned button handles and angled legs create an iconic retro style.

Handcrafted in Australia

Lilly & Lolly furniture is built to last. Devoted to creating sustainability by creating investment pieces that withstand the test of time.

Ned

Ned is all about space saving with maximum storage and minimal impact in a room. Ideal for smaller kid's rooms where space is needing to be optimised.

Oak Box

Simple and defined, Oak Box conceals intricate mitred joinery with legs that flow into a continuous wrap.

Bronte

Bronte embodies the Australian seaside with its scalloped shaped bedhead. Featuring continuous piping and bold curves.

Scout

A classic upholstered bed with angled bedhead to comfortably recline on. Choose any fabric you wish.

Scoop

Defined by its elegant curves and simplicity, drawing inspiration from carved stone, Scoop possesses a distinctly sculptured profile.

OAK BOX collection

Simple and defined, Oak Box conceals intricate mitred joinery with legs that flow into a continuous wrap.

SCOOP collection

Defined by its elegant curves and simplicity, drawing inspiration from carved stone, Scoop possesses a distinctly sculptured profile.

The Scoop Collection has been designed for lovers of curves.

The bunk bed has interlocking joints that allow it to soar into a tiered space saver. It is also defined by its generous proportions and peek-a-boo cut outs. It features an integrated ladder, allowing kids to easily access the top tier.

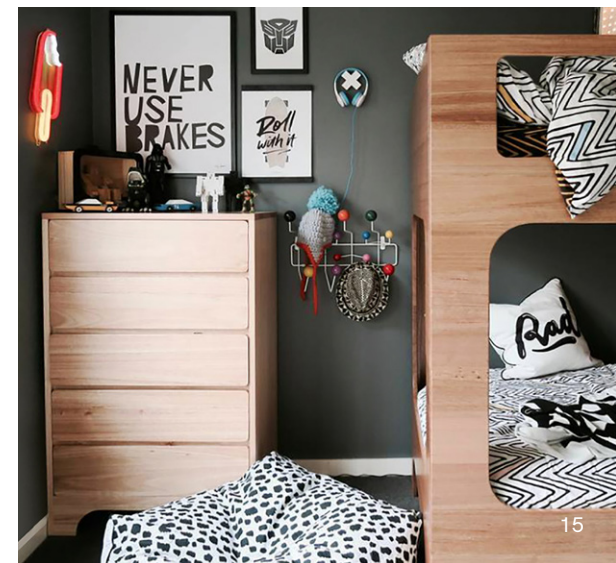

The Scoop Collection is made using solid timber allowing the beautiful natural properties of the timber grain to shine through.

Designed to keep kids safe, the bunk's profile has been kept low to the ground, with easy access to both the bottom and top levels. Certified by Furntech Australia, it is compliant with Australian consumer protection safety standards.

Timber options include Tasmanian Oak or American Oak (POA) with satin lacquer finish. Alternate stain finishes include Whitewash or Black Japan (POA).

Beyond the bunk, the Scoop range includes bedside tables (2 or 3 drawer), chest of drawers, tall boy, bookcases and desks.

TRUNDLE BEDS

Charlie Trundle Bed
Single, King single, Double available
(no assembly required for trundle)

There comes a time in your child's life when they want to have a friend come for a sleepover. The kids are so excited and all you can think about is 'but where will they sleep? And will they sleep at all?'

Have you thought about a trundle bed as a solution?

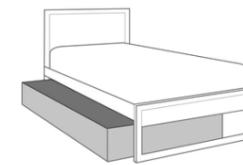

Trundles are an extra bed which are neatly packed away under another bed and rolled out, conveniently, when guests arrive. This concept of having two beds in one space is super clever and convenient.

As the kids are separated on two levels, we believe this will guarantee a better night's sleep for everyone. Whilst sleeping they will not disturb each other as they wriggle, there is no fight over blankets and each has their own pillow (hang on I think this is not just for kids!).

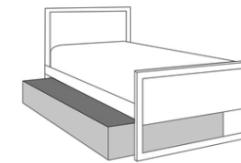

They are designed to fit the entire space under a bed (both length and width).

Available Sizes (to fit under the appropriate sized bed): Single, King Single, Double and Queen. They are built with hidden castors which means they can easily glide out either side of the bed. The base is slatted (for airflow) and they fit a high density foam mattress (15cmH) which are customised to each sized bed. Our trundles are designed to coordinate with our Colour Box, Oak Box, Noa, Scout, Charlie, Ripple Oak and Bronte Collections.

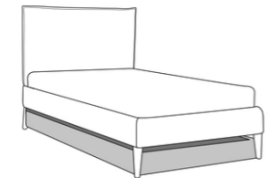

Please note that these are not standard sizes but are made specifically to fit under our beds. However, we can customise to suit any existing bed you may already have. If you wish to shop a trundle bed only (without a bed), please contact us directly.

Find the perfect finishing touch for your kid's room

These beautiful little PADS are the perfect floor cushions for kids to relax and play on.

These versatile play pads can be used in multiple spaces – playrooms, lounge-rooms, in TV rooms, day care centres and bedrooms. The idea was create a floor pad which could be used for kids to lounge around on or play with, and that was more structured than a bean bag. As the pads are flat they neatly stack away on top of each other.

Choose from a comprehensive range of our fabrics, or you can supply your own. Fabric swatches available for postage on request.

Paddle Wall Panels

The Paddles Wall Panels are an easy and innovative way to transform your kid's bedroom walls. With a beautiful felt like appearance and no paint required, the arches (and cheeky spot) come ready to install straight away.

Designed as a bedhead, these panels wrap neatly into the corner of a room, to create a cosy feel for your child. Alternatively, these would work equally well with a desk or in a play room making them so versatile. With sound-proofing qualities and made from 50% recycled PET plastic, they are perfect for kids!

EASY TO INSTALL - peel and stick the tabs on the back of each board (picture hanging tabs). No annoying nails or screws required!

EASY TO REMOVE - pull the panels away from the wall and the velcro detaches.

Then the tabs left on the wall can be pulled down and come unstuck (without damaging the wall).

EASY TO MOVE - want to change the position or use in another room? Repeat the installation process again and again and again.

Each wall panel set includes 7 arches plus spot. The arches are sized according to the size of the bed they are to match ie. the sets are available in single, king single (as pictured), double and queen. As the sizes enlarge the width of each panel increases so they are proportionally and visible the same on each sized bed.

The boards are 12mm in depth and the colour is saturated throughout. Designed by Lilly & Lolly. Made in Australia. 10 year warranty.

WALL PANELS

Ripple Wall Panels

Creating a beautiful textured for your wall is easy with this light panel Ripple Wall Panel. These stunning ripple panels have beautiful felt like appearance and are so easy to install. Cut to your specific wall measurements, the panels are lightweight and are installed in large sheets which span the full height of your ceiling, if required. The boards are 9mm in depth.

TO ORDER THIS ITEM, send through an enquiry with wall measurements. Australian made.

trade

We would love you to consider us as a supplier when designing children's interior projects. We collaborate with architects, stores and interior designers across Australia to deliver high quality, sustainably made furniture and lifestyle products.

If you would like to set up a trade account with us, email trade@lillyandlolly.com.au.

customise

cus·tom·ise

adjective: customisable

to build, fit, or alter according to individual specifications eg. "to customise a piece of furniture designed with the user in mind"

Customers are always asking 'can you customise furniture to suit my space?' and the answer is 'YES WE CAN'.

We are proud to confirm that Lilly & Lolly furniture is designed and handcrafted in Australia. Being local allows our team to offer complete customisation of your product to suit your space (room size/dimensions), interior design or furnishings.

Lilly & lolly customers are often surprised at the flexibility of our team, allowing changes of furniture to suit specific spaces.

Our upholstered ranges allow you to create the right look for your room, including offering variations in leg styles and timbers, as well as options for bedhead stitching colours to suit your interiors. The design team has selected a wide range from leading fabric houses for you to choose from. Alternatively, you can supply your own fabric if you have a specific look in mind.

Lilly & Lolly is available in both American Oak and Australian Tasmanian Oak, as these beautiful hardwoods have such durable properties. To achieve the look you require,

the wood can either be left in its natural state with a satin clear finish, or you can apply either a 'Black Japan' or 'Whitewash' stain, which provides a tint, whilst allowing the integrity of the grain to be present.

Alternatively we can custom match a stain from your sample to allow your new Lilly & Lolly piece to integrate with existing furniture in your child's bedroom.

If your preference is for a painted finish, you can select from one of our six colour options or we can use any colour from the Dulux range.

To consult with the Lilly & Lolly team, contact us via email or phone to discuss your custom needs.

Call **1300 852 985** and we can offer you some assistance. To make the best choice, we offer you free swatches delivered to your home.

OUR STORY

Lilly & Lolly is an Australian-based furniture and lifestyle brand for children, synonymous with superior craftsmanship and luxury. Devoted to the sustainability of creating investment pieces that withstand the test of time, Lilly & Lolly's commitment to uncompromising quality and detailed design is unwavering.

Lilly & Lolly had its genesis in textiles at Paddington Markets in 1998. The brand began because there was a gap in the market for modern lifestyle bedding for kids.

In 2004 Megan Butler joined the business and worked with Ashling Punnett to build a wholistic brand for kid's interiors encompassing furniture, bedding and homewares to create complete rooms to be inspired by. Lilly & Lolly bedding and furniture were sold into stores all over Australia plus flagship stores were established in Waterloo (Sydney) and the coveted shopping destination suburb, Albert Park (Melbourne).

In 2012 Megan took up full ownership and fulfilled the roles of Sales and Marketing plus Creative Director. With a passion for a bright future, despite floods, economic downturn and Covid-19, Megan used these adversities to reimagine Lilly & Lolly and, with the use of technology, created and launched the innovative and interactive website you are using today.

From small beginnings, Lilly & Lolly's foundations are now laid to deliver families across Australia lifestyle products and inspiration to be enjoyed for both parents and kids alike!

Media Enquiries

If you would like to use or feature one of our products in your magazine or online, please get in touch at media@lillyandlolly.com.au

Handcrafted in Australia

Our team of local craftsmen have over 25 years' experience using both old age methods of joinery fused with new technologies to create superior products. Lilly & Lolly offer hardwood timbers selected for their durable properties and aesthetics. Using responsibly resourced Australian timbers, we work with makers to ensure quality is assured and maintain a hands-on approach.

When you choose Lilly & Lolly furniture you are not only supporting an Australian business and industry, but you know it has been ethically made, eco-friendly and built locally to last.

Ready made

Our furniture is made to order and handcrafted in Australia. Without the hassle of assembly, each piece (excluding beds) arrives complete into your home and ready to use. No juggling multiple pieces, screws, instructions.

Quality

Our local cabinetmakers take pride in creating furniture for your children with integrity. Using age old furniture techniques, each item is handcrafted with strength and durability to ensure it exceeds the 10-year warranty offered on each item. Furniture built with our long-term philosophy in mind means you are making an investment for your home and your kid's future.

Design

Our aim is to teach children to appreciate well-made product as well as good design, with our long-term philosophy, scrutinising each item with the same vision. Simple and classic, the furniture has the ability to transition aesthetically from little kids to big kids with minor dress changes. We love that we can create a stable, long-term environment for your child where they keep the same key pieces in their room, and the fun redress or restyle can be appropriated as they grow.

NOTES

OUR MISSION

Children are our future, and we bring kids the best that life can offer. Australian designed and made, we create furniture and lifestyle products to stand the test of time, with a built to last philosophy in mind. This is what motivates us to keep producing here in Australia. Our commitment to uncompromising quality and detailed design is unwavering to bring kids the best that life can offer, because when things work well, life is a joy!
