I have been particularly impressed with the design, which is both distinctive and immediately attention-grabbing. The signs are lovely and an iconic image we are proud of. Our investment in Danthonia Designs has been invaluable to help our Council brand ourselves and establish an identity that both Council and the public are proud to be part of.

DIGITAL SIGNS

Danthonia Designs brought our vision and brand to life with a spectacular six-metre monument sign complete with LED screen. The quality and professionalism was clear from the very beginning. From the initial phone call and design phase, to sign proposal and installation, we entrusted the Brisbane Boys' College brand with Danthonia Designs, and were without regret.

SCOREBOARDS

There is no comparison between our old scoreboard and our new scoreboard from Danthonia. In fact, it's a marked improvement over every scoreboard in our area; it's clearer and easier to read even though it is further away. It's fantastic that the score changes instantly. We do running messages and promote upcoming events...We are very impressed with our Danthonia scoreboard!
