

THE ACOUSTIC BOX

WHAT IS THE ACOUSTIC BOX?

The Acoustic Box Company specialises in manufacturing **soundproof boxes**, specifically designed for enclosing and reducing noise from your swimming pool equipment. We supply and deliver to all areas in Australia.

Our thick galvanised steel enclosures are powder coated and fitted with acoustic grade foam to comply with Council regulations for running your pump at night - **SAVING YOU MONEY ON YOUR ENERGY BILL!**

The boxes come in **25+ sizes** and **10 different colours**. Custom sizes & colours are also available on request

EASY TO ASSEMBLE

Assembly takes on average **5-15 minutes** - **NO NUTS & BOLTS**, no screws or special tools required!

There are only 3 different parts which simply click together in just a few minutes.

Most models can be assembled by one person with no building experience with a Youtube clip & illustrated assembly instructions with every order.

SUPERIOR DESIGN

Industrially engineered to provide enhanced sturdiness yet lighter than other models on the market.

Gas Struts and removable door provides easy access.

Made from thick (0.9 mm) **galvanised steel** and finished with Dulux powder coating. A **7 Year Warranty** provides peace of mind.

Ventilation gaps allow for air circulation without any water leaks or compromising noise abatement

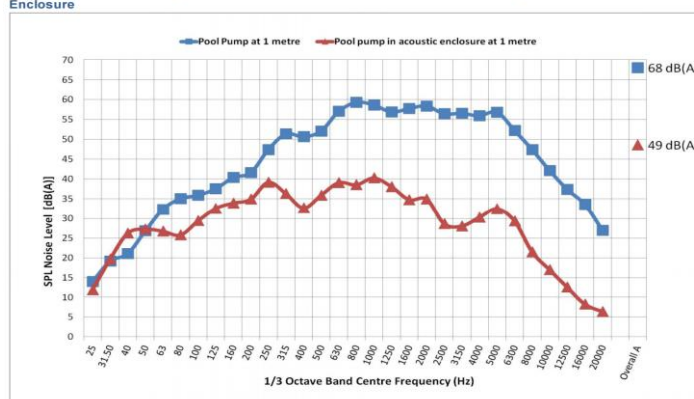

SOUNDPROOF COMPLIANCE SAVE \$\$\$ ON ENERGY BILLS!

The Acoustic Box is lined with quality, 20mm thick acoustic grade foam, translating into a **reduction of 80% in noise levels!**

This means you can use your pump during off-peak hours saving you money.

The noise reduction is certified by an **Acoustic Engineer's report**.
