& manufactured**

Features & Benefits

Full Cabin Floor Protection

Mudtamer 4x4 mats offer a level of protection for your vehicle that can't be beat. Our deep design keeps any mess contained to the mat and helps prevent dirt, sand, or spills spreading through the rest of your vehicle.

100% Recyclable

Sustainability is more important than ever and we don't believe our high quality 4x4 mats should be an exception to this. Using TPE along with our closed loop "end of life" system ensures Mudtamer is as good for the environment as it is for your vehicle.

Chemical Resistant

Getting the contained mess on your Mudtamer mats cleaned up is a breeze thanks to their great chemical resistance. Use what you have handy and save yourself from having to buy a collection of specific cleaning products that you will never use again.

Lifetime Warranty

Mudtamer 4x4 mats are high quality and we ensure that every set is built to last. A lifetime warranty guarantees our confidence in their ability to stand up to whatever you throw at them.

3d Scanning and OEM Location Points

Every time that we add a new set to our ever growing line up, we make sure you're getting a product that fits your vehicle with ease. By 3D scanning, we can be extremely specific with fittings, even down to the OEM location points so that you can install your Mudtamer mats without issue every time.

Our Ever Growing Range

Our range of Australian designed and manufactured Mudtamer 4x4 mats is constantly growing. All of our floor protectors are laser scanned for a guaranteed fit and have OEM location points for a quick and easy fit. Check out the current mats on offer.

RRP excl. - \$229.00

Full Set (Front & Rear Mats)
RRP excl. - \$334.95

Speak with us about distribution options and pricing for you or your business.

Coming Soon

While your Mudtamer floor mats take care of keeping your floors protected – Cargotamer works to give you that same level in your boot. With all the same great features and benefits offered with the Mudtamer range – Cargotamer is the last piece of the puzzle for ultimate interior protection.

Take the dogs, your outdoor and fishing gear, your tools and all that holiday gear with you without having to worry about the damage and dirt it could be creating. Clean it with ease thanks to it's great chemical resistance and get back on the road in no time.

Fueltamer is as good for your vehicle internally as Mudtamer is for your interior. Working in both petrol and diesel engines, this fuel additive cleans and lubricates your fuel system while protecting longterm against corrosion. Cleaning your valves and combustion chambers is great for engine and fuel health – while also reducing the exhaust emissions of your vehicle.

Being able to provide a product to people that takes care of an area of their vehicle often forgotten about is the next step in automotive protection.

Coming Soon

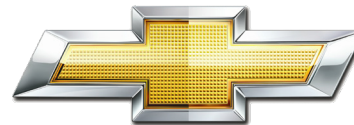

The addition of Cargotamer and FloorGuardian to our range doesn't mean that Mudtamer is taking a back seat. We are still constantly adding new vehicle options to that range.

If you see opportunity for a vehicle that isn't currently included but has potential, get in contact and discuss it with us – we would love to hear from you.

We currently have a large number of vehicles that will soon be part of the range. Keep an eye on our social media so stay up to date to when they are released.

Next to Join the Range:

- GWM Cannon
- Dodge Ram
- Cheverolet Silverado
- 80 Series Toyota Landcruiser
- 100 Series Toyota Landcruiser
- Nissan GU Patrol
- Holden Colorado
- Ford F150
