# THE ROADBASE PILOT VEHICLE SIGN

**Our RoadBase Pilot Vehicle Sign is voted No.1 in Australia!**

It's not hard to see why; with the option to upgrade to a motorised frame, choose your sign wording, multiple beacons to select from and 100% Australian compliant.

## THE BENEFITS OF A ROADBASE PILOT VEHICLE SIGN

- **Robust** yet lightweight framing.
- **Australian-made** and 100% nationally compliant.
- Universal mounting bolt to roof racks/U bolt to the headboard.
- **Folds flat** when not in use.
- The motorised version available.
- Multiple beacon options to select from.
- 1.5m lead connected to an Anderson plug, ready to use.
- **1-year warranty!**
- Option to choose different sign wording.
- RoadBase keeps up to date with new legislation affecting pilot vehicles. **You can be guaranteed your sign is compliant.**
- **Gas strut locking** mechanism for extra support.
- Australian compliant class 2 reflective double-sided aluminium sign.
