OUTDOOR CORROSION PROTECTION PACK

EFFECTIVE CORROSION CONTROL

DIRECTIONS FOR USE:

- Apply the Outdoor Coil & Surface Cleaner and then wash/wipe the cleaner off and thoroughly dry the surface to be coated.
- Hold the aerosol 20-30cm from the substrate and apply sparingly on each pass waiting a short period before applying more product. This method of adding multiple coats is best practice.

✓ Energy efficiency gains up to 35%

✓ Prolong's Asset's Life
