Petway Petcare Pty Ltd has been manufacturing and distributing Premium Grade Petcare Products since 1988. Our products are proudly Australian Made and Australian Owned.

Petway Petcare Grooming Products and Cotex Flea & Tick Kill Products are naturally based, bio-degradable and environmentally responsible. They are formulated with natural essential oils and herbal extracts of natural origin and are pH balanced for animals' sensitive skin.

Our shampoo range includes products that are Soap, Paraben, Phosphate, Sulphate and DEA free.

We only use premium cosmetic grade raw ingredients and purified water to ensure all of our products provide peak performance. As a result, less product is required to achieve superior grooming or flea and tick kill results compared with many others.

Our shampoos are highly concentrated and you will achieve amazing results using only small amounts of shampoo when diluted in warm water.

Our manufacturing facility is Australian Pesticides & Veterinary Medicines Authority (APVMA) registered and is ISO 9001 Quality Assurance Accredited. We have professional quality control measures in place to ensure premium products are delivered to our customers. Our Research & Development team is continuously working to develop new products and ensure we remain an industry leader with regards to the latest proven ingredients and products.

Our products have been used by International Certified Master Groomers and Certified Master Groomers who have achieved winning results at prestigious events such as CRUFTS, World Grooming Games, Royal Sydney Show, Pet Expo and Ausgroom to name a few.

Our grooming products are widely used by Pet Industry professionals and home groomers throughout Australia, New Zealand, UK and USA.

PETWAY PETCARE SHAMPOOS

EVERYDAY PINK SHAMPOO CONCENTRATE

- Our most popular shampoo used by professionals everyday across Australia.
- A naturally based, general purpose shampoo that thoroughly cleanses and deodorises the animal's coat and skin.
- Brightens white coats, highlights natural colours, and provides a superb, lustrous coat finish.
- Leaves a unique floral musk fragrance, which smells lovely and clean.
- Companion products Petway Petcare EVERYDAY PINK CONDITIONER and Petway Petcare PINK MUSK COLOGNE COAT GLOSS.

GENTLE PROTEIN SHAMPOO CONCENTRATE with Aloe Vera & Baking Soda

- A naturally based, gluten free shampoo that thoroughly and gently cleanses the coat and skin.
- Safe for use on animals with sensitive skin and excellent for long coated breeds.
- Removes loose dry skin flakes and moisturises, hydrates and retextures the skin.
- Revitalises the coat appearance, leaves it soft and shiny and adds lustre.
- Contains natural plant derived proteins, coconut derived cleansers, Aloe Vera and baking soda as a deodoriser.
- Leaves a low allergen tropical coconut fragrance.
- Companion products Petway Petcare GENTLE PROTEIN CONDITIONER with Aloe Vera and Petway Petcare COCONUT COLOGNE COAT GLOSS.

SKIN CARE SHAMPOO CONCENTRATE with Vegetable Extracts & Vitamin E

- For use on animals with skin conditions.
- A fantastic non-irritating, deep cleansing naturally based skin care shampoo which is fragrance free.
- Suitable for use on animals with dry, scaly and irritated skin conditions.
- Based on Pine Tar, but also contains Coconut Oil, Aloe Vera Extracts, Jojoba Oil and Vitamin E.
- Pine Tar has an anti-itch action and does not leave skin dry. Leaves coat moisturised, nourished and shiny.
- Coconut Oil is a natural cleanser, moisturiser and softener, Aloe Vera and Jojoba Oil naturally soothes skin.

TEARLESS PUPPY SHAMPOO CONCENTRATE

- A naturally based, tearless, non-irritating, low allergen extra gentle shampoo.
- For use on animals, especially puppies, kittens and those with super sensitive skin.
- Designed not to irritate eyes when diluted, perfect for safely washing animals face.
- Brightens white coats and highlights natural coat colours.
- Thoroughly cleanses and deodorises the coat and skin.
- Leaves a yummy crisp green apple fragrance.

PETWAY PETCARE SHAMPOOS

AROMA CARE SHAMPOO CONCENTRATE with Vitamin E

- A naturally based, essential oil shampoo ideal for dogs that are anxious.
- Contains pure steam distilled cosmetic strength essential oils of Lavender and Chamomile. Lavender is reported as a natural soother and relaxer and Chamomile provides natural coat and skin conditioning qualities.
- Brightens whites and highlights natural coat colours.
- Leaves a calming aromatic fragrance.
- Companion product Petway Petcare AROMA CARE COLOGNE COAT GLOSS.

WICKED WHITE WHITENING & STAIN REMOVAL SHAMPOO CONCENTRATE

- A naturally based shampoo, specifically formulated for more advanced whitening and contains a stain removing agent which does not leave any residual build up on the coat.
- For use on animals with light coloured coats, white coats or white patches.
- Whitens white coats and assists in reducing unsightly stains caused from tears, urine and licking.
- Provides a deep cleanse to the coat and skin.
- Leaves a soft baby powder fragrance.
- Companion products Petway Petcare POWDER CRÈME CONDITIONER and Petway Petcare POWDER COLOGNE COAT GLOSS.

BLACK COATS SHAMPOO CONCENTRATE

- A naturally based shampoo for use on animals with black and dark coats.
- Specifically formulated with plant derived ingredients to enhance natural coat colour and add richness and shine to black and dark coats.
- Gently but thoroughly cleanses the coat and skin.
- Revitalises the coats appearance and adds shine and lustre.
- Has an adorable fragrance.

PETWAY PETCARE SHAMPOOS

DE-SHEDDING SHAMPOO CONCENTRATE

- Naturally based shampoo for use on double-coated and shedding breeds.
- Formulated to help release the undercoat and assist in the de-moulting process.
- Contains natural essential oils to stimulate follicles to release hair.
- Moisturises and hydrates the skin.
- Has a lovely fresh lily and pomegranate fragrance.

VOLUMISING SHAMPOO CONCENTRATE

- A naturally based shampoo for use on coats that require added volume and body.
- Contains natural proteins to add volume and body to the hair shafts.
- Revitalises the coats appearance and adds volume, shine and lustre.
- Moisturises and hydrates the skin.
- Has a delicious kiwi fruit fragrance.

COARSE COATS SHAMPOO CONCENTRATE

- A naturally based shampoo, specifically formulated not to soften wire, harsh or coarse coats.
- For use on animals that are coarse, wire or harsh coat breeds.
- Can also be used on all other breeds to add texture, volume and body to the coat.
- Brightens white coats and highlights natural coat colours.
- An excellent shampoo for preparing dogs for grooming competitions and for showing.
- Used by ICMGs who have won “Best in Show” and “Best in Breed” at prestigious events in Australia and Internationally.

HERBAL SHAMPOO CONCENTRATE

- A naturally based, deep cleansing shampoo.
- Contains natural herbal extracts and proteins which provides excellent skin and coat conditioning and soothing qualities.
- A popular shampoo for animals with very dirty coats.
- Brightens whites and highlights natural coat colours.
- Contains citronella and a spice fragrance.
- Companion product Petway Petcare HERBAL COLOGNE COAT GLOSS.

TEA TREE SHAMPOO CONCENTRATE

- A naturally based, general purpose shampoo.
- Brightens whites and highlights natural coat colours.
- Thoroughly cleanses and deodorises the coat and skin.
- Contains tea tree oil to leave a fresh Malaleuca fragrance.
- Contains natural high grade Tea Tree Oil certified to AS. 2782 2009.
- **DO NOT USE ON CATS.**

LOW SUDS SHAMPOO CONCENTRATE

- A highly effective naturally based general purpose, low suds shampoo.
- For use on animals, especially working dogs, horses and cattle.
- Developed for use in drought affected areas and for dog washers and groomers who practice water conservation.
- Contains plant derived organic cleansing agents and Vitamin E, a natural anti-oxidant that soothes the skin.
- Highly bio-degradable and does not require rinsing off, if being used in a hydrobath.
- Leaves a superb coat finish, with a unique floral fragrance that will leave the animal smelling lovely and clean.

DEEP CLEANSING ADDITIVE Shampoo Booster

- A naturally based, low suds, deep cleansing skin and coat shampoo.
- For horses, cattle, working dogs and really dirty dogs.
- Thoroughly cleans and deodorises the animal's coat and skin and the Pine Oil soothes itchy skin.
- Can also be used as a Deep Cleansing Additive to any of our Petway Petcare shampoos, to give an extra deep clean for really dirty dogs, as it will help strip out excess oil, grease and grime from the coat without depleting the natural oils in the coat and skin.
- **DO NOT USE ON CATS**

WATERLESS FOAM SHAMPOO

- A naturally based general purpose foam shampoo ideal for spot cleaning dirty patches of the coat.
- No water required.
- Simply apply to dirty area of coat, rub in and brush or wipe off.
- Leaves a fresh blood orange fragrance.
- Take it with you wherever you go to keep your animals clean and looking and feeling great.
- Available in 200ml only.

EVERYDAY PINK CONDITIONER

- A revitalising naturally based conditioner for use on animals with normal skin.
- Restores coats natural lustre and adds additional moisture, while replenishing the skin.
- Softens coat and makes brushing easy.
- Leaves a lasting unique floral musk fragrance.
- Can be used in conjunction with all Petway Petcare Shampoos.

GENTLE PROTEIN CONDITIONER with Aloe Vera

- A gentle, naturally based conditioner safe for use on animals with sensitive skin.
- Contains plant derived proteins and Aloe Vera.
- Softens and revitalises the coat, moisturises and retextures the skin.
- Leaves a low allergen tropical coconut fragrance.
- Can be used in conjunction with all Petway Petcare Shampoos.

POWDER CRÈME CONDITIONER

- A nourishing naturally based conditioner for use on animals with normal skin.
- Moisturises and revitalises the skins appearance.
- Adds shine and restores the coat's natural lustre.
- Has a soft baby powder fragrance.
- Can be used in conjunction with all Petway Petcare Shampoos.

PINK MUSK COLOGNE COAT GLOSS

- A naturally based, plant derived cologne and coat gloss spray with conditioning agents.
- Adds shine and lustre to the coat, non oily and repels dirt and dust.
- Speeds up drying time.
- Leaves a unique floral musk fragrance.
- May be used to freshen animals bedding and living areas.
- May be used in conjunction with any of our Petway Petcare or Cotex products.

COCONUT COLOGNE COAT GLOSS

- A naturally based, plant derived cologne and coat gloss spray with conditioning agents.
- Adds shine and lustre to the coat, non oily and repels dirt and dust.
- Speeds up drying time.
- Leaves a tropical coconut fragrance.
- May be used to freshen animals bedding and living areas.
- May be used in conjunction with any of our Petway Petcare or Cotex products.

AROMA CARE COLOGNE COAT GLOSS

- A naturally based, plant derived cologne and coat gloss spray with conditioning agents especially suitable for anxious dogs.
- Contains pure steam distilled cosmetic strength Essential Oils of Lavender and Chamomile and Vitamin E.
- Adds shine and lustre to the coat, non oily and repels dirt and dust.
- Speeds up drying time.
- Leaves a calming aromatic fragrance.
- May be used to freshen animals bedding and living areas.
- May be used in conjunction with any of our Petway Petcare or Cotex products.

POWDER COLOGNE COAT GLOSS

- A naturally based, plant derived cologne and coat gloss spray with conditioning agents.
- Adds shine and lustre to the coat, non oily and repels dirt and dust.
- Speeds up drying time.

- A naturally based, plant derived cologne and coat gloss spray with conditioning agents.
- Adds shine and lustre to the coat, non oily and repels dirt and dust.
- Speeds up drying time.
- Contains cosmetic strength Citronella and leaves a Citronella fragrance.
- May be used to freshen animals bedding and living areas.
- May be used in conjunction with any of our Petway Petcare or Cotex products.

FLORAL DETANGLER COLOGNE

Woof Woof

- A naturally based, plant derived cosmetic detangler cologne spray with conditioning agents.
- Assists with brushing and combing the coat.
- Adds shine and lustre to the coat, non oily and repels dirt and dust.
- Leaves a lasting floral fragrance.
- May be used to freshen animals bedding and living areas.
- May be used in conjunction with any of our Petway Petcare or Cotex products.

ANTI-STATIC DETANGLER

- A naturally based, plant derived anti-static detangler with conditioning agents.
- For use on animals, particularly dogs and cats with longer coats and double coated breeds, as well as horses manes and tails.
- Add to shampoo to assist the de-moulting process on double coated breeds.
- Can be used on dry coats or as a rinse additive to release knots and soften coat.
- Reduces coat fibre to fibre interaction helping to release knots, mats and tangles so they can be combed or brushed out.
- Eliminates static and reduces fly away.
- Repels dirt and dust and speeds up drying time.
- Fragrance free.
- May be used in conjunction with any of our Petway Petcare or Cotex products.

SCISSORING MIST

- A naturally based, plant derived cosmetic grade grooming aid.
- Assists comb through to enable the coat to be scissored evenly.
- Enhances and speeds up the finishing process.
- Anti-static and reduces fly away.
- Low allergen.
- Fragrance free.

PETWAY PETCARE DISINFECTANT CLEANSER

PETWAY PETCARE DISINFECTANT CLEANSER

- A highly concentrated detergent and quaternary germicide that can be used as an excellent cleaner, deodoriser and disinfectant.
- Use to clean baths, hydrobaths, basins, toilets, showers, tiles, kennels, salons, vet clinic work areas, work benches, stables, horse trailers etc.
- Can also be used to clean grooming equipment, such as scissors and blades; make sure you dry these thoroughly after they have been disinfected.
- 1 litre of concentrate makes up to 50 litres of spray on disinfectant.
- Bio-degradable, environmentally responsible.
- Leaves a fresh, clean lemongrass fragrance.

COTEX FLEA & TICK KILL

All COTEX Veterinary Pharmaceutical Formulations were first developed over 20 years ago, they have proven to be highly effective and widely used throughout Australia by Veterinarians and Pet Care Professionals ever since.
