## Multi-Purpose Winches

Neumann Equipment multi-purpose winch designs are suited to a wide range of applications, including but not limited to barges, ferries, commercial vessels, tugs, mining, and cable installation. They are manufactured from high quality components to suit extreme environmental conditions and will provide many years of dependable service.

All of our multi-purpose winch designs are verified using Finite Element Analysis (FEA), manufactured and tested to meet industry/marine industry standards. They are Built Tough and Designed to Last!

### Standard Inclusions:

- Reduction drive gearbox.
- Fail-safe multi-disc spring applied brake.
- Winch drums are supported with a fully sealed self-aligning bearing.
- Rope terminator to suit wire rope.
- Carbon steel construction.
- All components are of high quality for many years of service.
- All components are grit blasted and primed with two-pack epoxy primer and finished with heavy-duty two-pack epoxy polyamine marine/industrial coatings.

### Available Options:

- Line pull capacities – up to 200,000kg.
- Hauling line speeds – up to 100 metres per minute.
- Drum capacity to suit selected rope specifications.
- Rope terminator to suit fibre rope.
- Stainless steel construction.
- Drive motor types – electric or hydraulic.
- Electric/hydraulic control systems to suit.

Please contact us by phone or email to discuss your multi-purpose winch requirements.
