

Outdoor

Good Riddance Mozzie & Midgie Mousse®

Our DEET-free tropical strength natural body cream repels mosquitoes, midgies and sandflies for up to 4 hours. It has an organic cream base which leaves your skin feeling great, and smells surprisingly good for an insect repellent. Developed in conjunction with Top End fishermen, it has been tested in the toughest insect infested conditions. It contains a strong blend of insect repelling essential oils including citronella, lemon scented tea tree, lemongrass, patchouli, geranium, rosemary and cedarwood. The cream provides extra protection with beeswax and shea butter which create a physical barrier on the skin to further impede sandflies and midges. It also helps hold the essential oils on your skin providing you with longer lasting protection compared to other natural insect repellents.

100mL \$20 250mL \$40

Baby Good Riddance Mozzie & Midgie Mousse®

Baby Good Riddance Mozzie & Midgie Mousse is our DEET-free natural insect repellent specifically designed for babies and pregnant women. It has a gentler blend of essential oils (lavender, palmarosa, geranium and rose) which are considered safe to use while pregnant and on babies under 12 months of age. Also suitable for sensitive skin as it contains a gentler natural preservative combination which is gentle on the skin. Trials have shown it provides protection from insect bites for at least 3 hours.

100mL \$20 250mL \$40

Rescue Balm

Provides instant itch relief, reduces inflammation and promotes healing. Contains a strong blend of plant and essential oils which help to soothe itching and irritated skin caused by bites and rashes. Also assists with healing cuts and abrasions. Think of it as a little first-aid kit in a tube.

5g \$8 45g \$40
