The Sydney Executive Chair is the perfect chair that interweaves modern design and future design in a simple yet professional way.

Combining modern office functionality with elements from the latest high-fashion, the Sydney Executive Chair is novel, leading-edge, open and stylistic. A series designed with the idea of comfort in mind, it has the look of sophisticated class but comfort for everyday use and lifestyles. The Sydney Executive Chair utilises optimum position posture for office workers, whilst also conveying simple lines and minimalist design.

The Sydney Chair is not just perfect for boardrooms. It can also be utilised across individual or collaborative office spaces, and with custom fabric choices can be completely suited to any office or area.
