ANNIVERSARY

15 YEARS OF EXCELLENCE

SINCE 2004, LOTUS CARAVANS HAS BEEN REDEFINING THE WORLD OF OFF-ROAD CARAVANNING, DELIVERING CUTTING-EDGE TECHNOLOGY AND INNOVATIVE DESIGNS WHILE TAKING LUXURY AND STYLE TO UNPARALLELED NEW LEVELS.

15 years later and Lotus Caravans' exceptional workmanship and outstanding attention to detail have earned the brand a reputation of excellence which is unrivalled in the caravan industry.

To celebrate our milestone 15th anniversary, we have unveiled a new, hard-edged look to match the release of our innovative 2019 range.

With our new slogan, 'Conquer your path,' we are challenging customers to explore more of Australia and push the limits of what's possible in their new Lotus caravan.

This is an exciting time for Lotus Caravans as we look to continue reshaping the world of off-road caravanning for another 15 years.

See the new Lotus Caravans 15th anniversary range in action today.

TROOPER

BRED TO DOMINATE

THE PINNACLE OF OFF-ROAD TOURING, THE TROOPER RAISES THE BAR FOR LUXURY STYLING AND PERFORMANCE – IN THE OUTBACK, COAST OR COUNTRY.

The all new 15th anniversary Trooper is Australia's premier off-road caravan and it's on the hunt for adventure. It comes ready-built to attack the landscape with German-made composite panelling to fight off debris, over 200 litres of water storage and four solar panels to just keep going and going. It's the van that can't be stopped!

Outside, this van may look like it's ready to battle any condition but inside are all the hallmarks of a Lotus Caravan luxury designed interior including top-of-the-range Laminex Diamond Gloss laminate bench tops, reinforced door hinges and an Italian leather lounge suite. Appliances like the Thetford oven and new Dometic 12v fridge make for the most comfortable off-road lifestyle imaginable.

Lotus Caravans, in partnership with industry leader G&S Chassis, has designed a revolutionary truss system chassis which helps cut weight to allow increased durability for this off-road beast. Control Rider Twin Shock Suspension and upgraded shockers handle every bite from the landscape while the all new disc brakes deliver optimum performance in the most difficult terrain.

Available in eight floor plans, ranging from 18'9" to 22', the Trooper can be customised to meet your specific needs.

With a power system fed by 200 amps of lithium power, driven by a REDARC Inverter 2000 watt battery management system and 680 watts of solar power, this van sets new limits. The Trooper also features front and rear work-lights, a reversing camera and Anderson plug for additional portable solar panel while the push-button resettable fuse panel has been added as a fantastic safety feature.

FREELANDER

BORN FOR ADVENTURE

PERFECT FOR ALL CONDITIONS, THE FREELANDER TAKES ALL-TERRAIN TOURING AND LUXURIOUS INTERIORS TO THE LIMIT.

The 15th anniversary Freelanders are a beast of a van that's all beauty inside. Jam-packed with every gadget necessary to travel in comfort and style, the Freelanders aren't afraid to go anywhere. And neither will you be with the new composite panel upgrade and twin solar and battery systems to ensure you can experience remote places others only dream about.

Everything you need to live comfortably off the beaten track is right at your fingertips. The fully-equipped kitchen with new 12v Dometic fridge makes on the road cooking an enjoyable experience. Top load washing machine, Fusion series entertainment system and reverse cycle air conditioning and heating slimline unit guarantee a carefree lifestyle no matter where you are.

Built on the rugged G&S truss chassis with patented 3.5T Twin Shock Control Rider independent suspension and sporting 17" custom-designed Lotus Caravans wheels, this off-road van tears through bush tracks. Fitted with BF Goodrich all-terrain tyres, the Freelanders are the perfect touring van to explore all parts of Australia.

With 9 different floor plans to choose from, ranging from 18'9" to 22', there's a Freelanders to meet your specific requirements. Modern interior design options let you customise the length and look of your van and select extra features to suit your needs.

A 25Ah Battery Charger along with a 30Ah solar regulator keep everything ticking over while the push-button resettable fuse panel has been added as a fantastic safety feature.

OFF GRID

BUILT FOR ACTION

LIGHT AND AGILE, THE OFF GRID PACKS THE BEST OF OFF ROAD LIVING INTO A COMPACT VEHICLE.

The 15th anniversary Off-Grid is a tough as nails, dynamite caravan that really packs a punch. It comes roaring and ready with dual panel solar energy, battery system and abundant water storage. All the essentials for camping in the most far away places. Meanwhile top-of-the-range composite panels offer ultimate strength in the worst conditions.

The Off Grid's flawless interior is polished with modern furnishings and state-of-the-art appliances throughout including reverse cycle air conditioner and heating slimline unit. Premium laminate benchtops and Lotus Caravans designed interlock cabinetry finish off the stylish kitchen. This van may be compact but it's definitely not short on storage, the Off Grid maximises the available space with an astonishing amount of internal and external storage.

This van is built to be put through its paces. It's so tough it practically dares you to throw anything you can at it, and once you're done, it asks for more. Sporting superior BF Goodrich all-terrain tyres wrapped around the custom 17" Lotus Caravans wheels, combined with heavy duty Control Rider suspension, the Off Grid is a dream to tow in even the most challenging of conditions.

Lotus Caravans have added 5 new floorplans to choose from in the 2019 range. Each van can be customised to suit your needs whether you're going it alone, with a partner or the whole family in tow. You can have the van that you want.

Two 170 watts solar panels along with two 120Ah batteries ensure your power needs are comfortably taken care of regardless of where your travels take you. A 25Ah battery charger along with a 30Ah solar regulator keeps everything ticking over while the push-button resettable fuse panel has been added as a fantastic safety feature.

TREMOR

GLAMOUR NEVER LOOKED TOUGHER

A TOP OF THE RANGE VAN THAT COMBINES THE INNOVATION AND TOP QUALITY WORKMANSHIP LOTUS CARAVANS IS RENOWNED FOR.

The Tremor is your ticket to the carefree, luxurious lifestyle you've been waiting for. Premium German-made composite panelling, combined with exclusive Lotus Caravans rolled checkerplate to add strength and moisture protection, have resulted in an off-road van that will last the distance. Superiour vinyl graphic kits make this boutique van stand out from the crowd.

Head off on countless Outback adventures in this rugged, robust caravan while enjoying the modern home-style furnishings and innovative cabinetry that have been tried and tested by Lotus Caravans for more than 10 years. The fully equipped kitchen with premium laminate bench tops and comfort lounge ensure five-star luxury in the roughest of places.

The Control Rider independent suspension guarantees a smooth ride on any terrain so you can visit those far-away places on your extensive bucket list. The Supagal off-road chassis has been built by the best in the industry, G&S Chassis, to give you the peace of mind you deserve.

There is one purposely designed floor plan for the Tremor, and an extensive colour range to suit everyone's inner interior decorator. Standard features include a tropical-rated Dometic fridge, washing machine, a Thetford oven, and to top it all off, a reverse cycle air-con and heating slimline unit to guarantee pure comfort in any climate.

Off-the-grid camping is at your fingertips with a 150W solar panel and 120Ah battery taking care of all your power needs while complete LED lighting provides the comfortable lifestyle you've been looking for. Backed with an extended two-year manufacturing warranty, the Tremor is bound to open up the world of off-road caravanning to a new generation of travellers.
