

Nano-Glass

SCREEN PROTECTOR

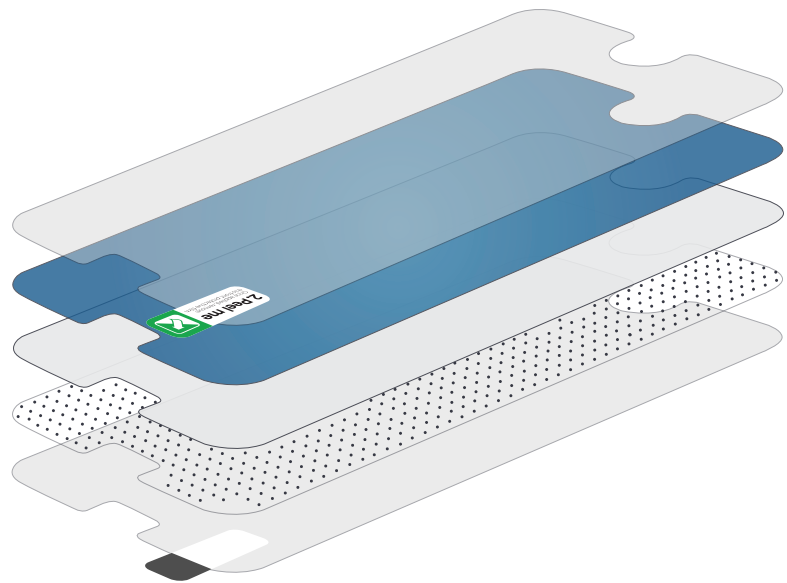

Optic+ Nano Glass Screen Protector

The Optic+ Nano-Glass Screen Protector provides a great level of protection using our nanometer thin hybrid film/tempered glass material precisely designed for touch screen devices and general displays.

Optic+ Nano-Glass screen protectors include scratch resistance and an anti-fingerprint oleophobic coating to reduce smears and smudges without hindering touch screen sensitivity.

- Removable Protective Film
- Clear Tempered Glass with anti-fingerprint coating
- Optical PET Film
- Silicone Adhesive
- Removable Protective Backing

Optic+ Nano-Glass screen protectors are made up of a number of layers. The Multi-layered Nano-Glass provides a high level of flexibility which in turn improves impact resistance and removes the risk of shatters and sharp glass shards.

Application made easy

With the included application kit and easy-to-follow instructions it's easy to apply the screen protector, bubble free first time every time.

Kit includes:

- Isopropanol Antiseptic Cleaning Wipe
- Guide Stickers
- Smoothing Tool
- Dust Removal Sticker
- Microfibre Polishing Cloth

Optic+ Nano Glass Screen Protector

Technical Specifications

Features:

- 9H scratch resistant glass.
- Anti-Fingerprint oleophobic coating.
- Anti-shock and Anti-shatter.
- Rainbow free, anti-static.
- Flexible Hybrid-Glass.
- Recyclable packaging.
- Made in Australia.

Product Structure

- Pet Protective Film (50µm)
- 9H AFP Nano-glass (228µm)
- Anti-static (0.05µm)
- Silicone Adhesive (50µm)
- Release Liner (75µm)

Technical Data

	Unit	Value	Test Method	Notes
Total Thickness	µm	413.5±20	Micrometer	
Base Film	µm	228±5	Micrometer	
Transmittance	%	>94	JS-K7105	
Haze	%	0.5<	JS-K7105	
Pencil Hardness	H	9	750gf	
Steel Wool #0000		No Scratches	1kgf*5000cycle	Abrasion test
PSA Release Force		6gf	On Glass	

- When applying pressure sensitive adhesive film to any surface, be sure that the surface is clean and free of oil and other contaminants such as powder, dust or release agent.
- Adhesive performance should be checked when used on a substrate containing plasticizers.
- Stated specifications are guaranteed for period of six-months from date of shipment, store in a cool, dry place below 24°C.
- Not tested or rated for use in volatile environments.
- Alcohol antiseptic cleaning wipe contains 70% v/v Isopropyl Alcohol. Keep out of reach of children. Single use.
- Package may contain small parts, which could pose a choking hazard. Keep out of reach of children.
- Australian Made license 16992
