# Who is Kirra?

## Meet our family

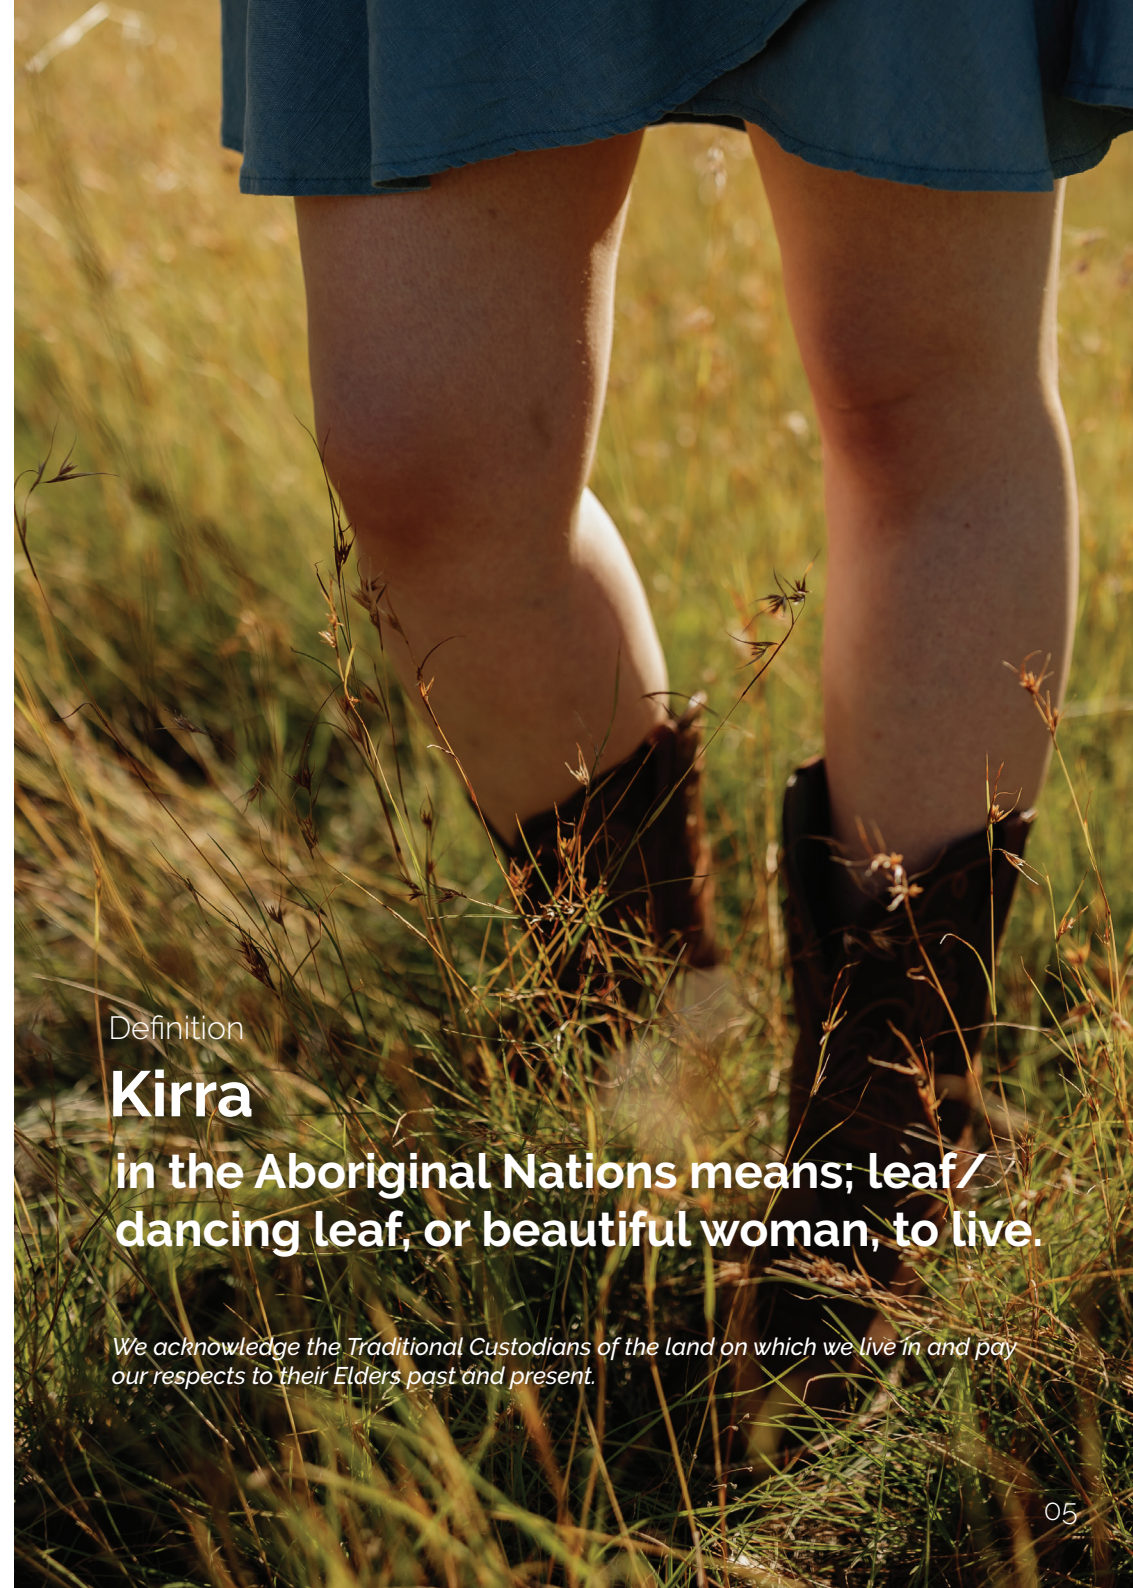

Kirra is an Australian-owned family business, founded by Jakob and Katja Mohr in 2009 in the Upper North Shore of Sydney.

Each member of the family, Jakob, Katharina (Katja), Sarah, and Bernhard has brought in their own strengths and passions to build what Kirra is today.

## Inspired by the rustic and pure Australian bush

Jakob and Katja asked themselves "Doesn't Mother Nature already provide everything we need?" and "Why are there so many nasties in skin and hair care products? Surely, so many added chemicals can't be good for us?".

They began to research and study how they can provide a more natural and friendlier option for their family and to the environment in which they lived.

Definition
