

# PALLET COLLARS

## PACKAGING SOLUTIONS THAT SAFELY STACK UP

Transform a standard pallet into an economic, reusable packaging system.  
**Pallet Collars Australia** will boost all aspects of your supply chain!

**BOOST WORKPLACE SAFETY**

**BOOST ORGANISATION  
& EFFICIENCY**

**STOCK PROTECTION**

**SUSTAINABLE & REUSABLE**

**PROUDLY AUSTRALIAN-MADE**

Pallet Collars are a great packaging solution suitable for warehouse storage and logistics to retailers such as nurseries and hardware facilities.

Made in Australia from sustainable & durable timber, Pallet Collars will improve workplace safety, prevent goods falling off pallets, increase supply chain efficiency and protect your goods during transport.

Pallet Collars reduce packaging waste (no stretch film or pallet wrap required).

# ACCESSORIES

## BOOST WORKPLACE SAFETY

### HOLD DOWN BRACKETS

- Secure your pallet collar onto the pallet
- Great for heavier loads
- Used for single height pallet collars
- Used for double height pallet collars

### PALLET CORNERS

- Improves stability when stacking pallet collars
- Ensure that the pallet is stacked straight

## BOOST ORGANISATION & EFFICIENCY

### DOCUMENT HOLDERS

- Easily identify goods on pallets
- Use barcodes to improve efficiency
- Create a neat or orderly warehouse

### PARTITIONS AND LIDS

- Create single job lots for project and reduce parts loss
- Improve efficiency with a single job 'go to' for parts
- Versatile & modular storage
- Use as a lateral partition, pallet base or lid
- Reduce dust contamination
- Reduce pilferage
