WHO WE ARE

Since our birth in 2006, Australians have benefited from our powerful multi-use products. Our product range has always been for the adventurer, the explorer, the go-getter and the lover of all things natural. Containing only the highest quality, 100% natural ingredients, we are proud of our TGA-approved range. It certifies that our products will naturally repair & restore skin. A Necessity.

OUR RANGE

Our most prized product is the Fixaderm Skin Repair. A 100% natural, TGA-approved solution for the relief of eczema.

Our Cold Sore Relief ointment is like no other remedy on the market. TGA-approved and 100% natural, it effectively prevents and relieves the occurrence of cold sores and can be applied and reapplied as required.

The Necessity range also includes our hero 'Zit-Stik' which banishes pimples; naturally scented and unscented lip balms to soothe dry and chapped lips; Bettaderm Body Oil for those dry patches of skin that need a little love; and Aloe Vera gel for after sun care.

OUR RANGE

BRAND NEW: SURFADERM

Designed for active Australians exposed to the sun, water, wind and wildlife. Our 100% Natural Surfaderm is the perfect aftercare product for the whole family. Suitable for all skin types, the combination of aloe vera, tea tree, rosehip, and lavender help to restore skin after a day spent enjoying the elements.

SURFADERM PRODUCT POSITION

Surfaderm offers a unique skincare product for your store. Not only does it target male and female's alike, there is nothing quite like it on the market. It has multiple uses and is considered a 'fix-all' balm. When you buy Surfaderm you are guaranteed an Australian made, preservative free, powerful and 100% natural product, at an affordable price. Made for surfers by surfing naturopaths living on the beaches of the Gold Coast.

NATURE LOVERS

Our team lives, works and plays in the natural environment. That's why we actively support entities working towards protecting our environment for the benefit of all. All of our ingredients are sourced sustainably. As such, there are no implications on present or planned rainforest or habitat destruction. Our suppliers do not utilise or source from plantations in Borneo or Sumatra for the supply of palm oil. They also have membership and involvement in the Roundtable on Sustainable Palm Oil.
