

UPPERCUP

WHY CHOOSE UPPERCUP?

We are a female-led business that focuses on locally manufactured eco-friendly and sustainable products.

By choosing our product, you are making a substantial contribution to eradicating single-use products & supporting Australian small business and jobs.

Directors:
Felicity Ford & Claudine Fessey

Collectively, this action makes a big difference.

We work off a social enterprise methodology. This means:

- We choose to design, operate & manufacture locally in Australia.
- We know the families and people who make your products.
- Through local jobs, we directly support & employ women from a refugee background.
- All packaging is made in Australia of 100% recycled cardboard.
- All parts are replaceable & recyclable at the end of life.

Certified

This company meets the highest standards of social and environmental impact

Corporation

Manufacturing with Tritan means we can produce locally in Australia, which we cannot do with materials such as glass etc.

UPPERCUP

UPPERCUP RANGE - REUSABLE COFFEE & TEA CUP

Designed by baristas for people who love coffee, the conical bottom means you can have a perfectly poured coffee every time. The double wall makes it perfect for tea drinkers.

Uppercup is made of the highest quality, BPA-free Eastman Tritan copolyester. Meaning the product won't retain smell and is dishwasher safe.

With a double insulated wall, your coffee or tea will stay warm and your fingers cold.

STANDARD COLOURS:

- White with White Lid
- Black with Black lid
- Clear with Dusty Pink Lid
- Clear with Cornflower Blue Lid
- Clear with Black Lid

MATERIAL:

- Designed and Made in Melbourne, Australia
- BPA & BPS Free
- Durable & dishwasher-safe
- High-quality materials
- Odour and stain-resistant
- Microwave safe (base only)
- Double wall, so no sleeve required
- 100% Recyclable at the end of life
- Ethically made

SIZES:

- 4 oz - Mini (118ml)
- 8oz - Small (237ml)
- 12 oz - Medium (355ml)
- 16 oz - Jumbo (473 ml)

Corporation

UPPERCUP+ - A CUP MADE OF RECYCLED UPPERCUP'S

How does Uppercup+ work?

Uppercup+ is made of old recycled Uppercup's.

Being a certified B-Corporation, we are committed to closing the loop and recycling your old Uppercup at the end of life.

Recycling old Uppercups means that we have created a closed-loop solution where old Uppercups can be recycled and reused.

Size:

12oz - 355ml

Colour:

Dark grey outer with a white inner and black or white lid.

UPPERCONTAINER - REUSABLE FOOD CONTAINERS

The Uppercup container comes in a convenient pack of three (3). The Uppercup container is a 100% Australian-made, B Corporation certified, reusable, environmentally friendly food container.

Dimensions:

Volume: 940ml / 31oz

Height: 100mm / 3.9 inch

Diameter: 80mm / 3.1 inch

Width: 140mm / 5.5 inch

Plus, internal fills are for 750ml and 500ml for easy portion control.

Material:

BPA & BPS free

Made of Food Grade PP

Durable and dishwasher safe (top shelf only)

Microwave safe

UPPERCUP

WHY CHOOSE TRITAN?

We choose to manufacture Uppercup with a material called Eastman Tritan the healthy, clean & safe choice.

- Tritan is BPA Free and won't leach in any way making it the healthy, clean & safe choice.
- Tritan has been reviewed independently & approved by the European Union FSA, US FDA, Health Canada, Japans HOSPA & Australia's standards.

- Tritan won't retain smells or odours and is a safe, reusable product.
- Tritan is exceptionally durable and is shatterproof, unlike glass.
- The product is dishwasher and microwave safe.

- Manufacturing with Tritan means we can produce in Australia which we cannot do with materials such as Glass.
- By choosing our product, you are making a substantial contribution to eradicating single-use products & supporting Australian small business and jobs.

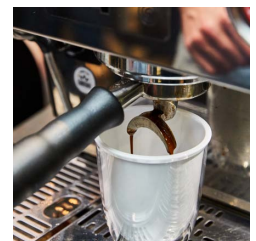

Uppercup is 100% Australian Made, BPA & BPS free certified.
