SurePave for Grass

Heavyweight Permeable Paving

ABOUT

SurePave™ is a permeable paving system designed as a reinforcement solution for grass. SurePave can be used for off street car parking, laneways, garden paths, and grass driveways.

SurePave is a great way to fix boggy and muddy areas where potholes, divots, ruts and puddles formed by vehicles overuse. Not only that, SurePave encompasses style, and functionality.

As its permeable description suggests, SurePave panels are porous and free draining allowing the possibility of creating safe, functional and natural aesthetically pleasing surfaces.

SurePave for Gravel

Heavyweight Permeable Paving

ABOUT

SurePave™ has the ability to support cars, campervans and even large trucks, making SurePave the ideal choice for any driveway, laneway or parking project. SurePave can be filled with gravel, decorative stone & pebbles.

The robust cellular design of SurePave offers a perfect paving alternative to concrete while still maintaining all the benefits of a hard pavement.

Porous and free draining SurePave allows water to be absorbed easily creating a safe and functional surface that is natural and attractive.

Wanting a paving solution that encompasses style and functionality, that can withstand heavy duty usage? Look no further than the SurePave paving system.

Ideal for creating permeable surfaces with a range of infill stone materials to replace hard systems such as concrete and pavers with a sustainable solution, while providing long term serviceability.

SmartPave

Stabilises natural stone, driveways and patios

ABOUT

SmartPave is a residential grade of permeable paving used to stabilise decorative stones, pebbles or hoggin paths. Perfect for paved areas around your home, including pathways, driveways, patios, courtyards, and patios.

The flat, firm pavement is made suitable for pedestrians, bikes, and lightweight vehicles. The innovative honeycomb cell design with geotextile base, ensures the panels stay buried and prevents stones from moving around. Any permeable paving job can be solved affordably using SmartPave.

StrolTM

WITH & WITHOUT PEBBLELOCK

This simple and versatile system allows you to enjoy the beauty of natural stone without spending the rest of your life sweeping or raking stones back into place. Ponding is eliminated as water soaks away through the mesh structure of the PebbleLock Paver back into the ground.

PebbleLock

PebbleLock	840mm x 590mm x 24mm	56403

PebbleLock

Path & Patio

ABOUT

PebbleLock is a recycled plastic mat for stabilising pebbles in all landscape areas. Designed for any situation around the home where you want a cheaper, natural alternative to concrete, asphalt or pavers.

Use under pebbles, stones and granite chip on garden paths, patio areas, carpark & driveways to prevent puddles, pot holes, aggregate migration and heavy rain scour.

PebbleLock is suitable for pedestrians, bikes and cars.
