Proudly Australian. Perfectly Crafted for Your Patients.

Optilux is now officially Certified Australian Made — a mark that reinforces what independent practices already stand for: quality, trust, and care.

What This Means for Your Practice

Being able to prescribe Certified Australian Made lenses gives your practice a powerful differentiator. It strengthens patient confidence, supports your local economy, and positions your store as a trusted advocate for Australian-made quality.

With Optilux, you deliver both technical excellence and national pride, a combination that keeps patients loyal and your reputation strong.

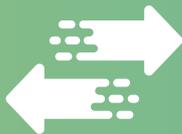

Benefits to Your Practice

With Optilux, you're supported by local manufacturing, fast turnaround, and dedicated service from your Opticare BDM team.

We provide marketing materials and in-store assets to help you showcase your Australian Made offering and grow your practice's reputation for quality, care, and expertise.
