Cura Chair

Cura Bariatric

Cura with Side Panels

Cura with Castors

# Cura

The Cura chair is a stylish addition to the Workspace commercial Furniture aged care and hospitality offer. "Cura" is the Italian word for "care" and the Cura chair is designed to do just that. Providing comfort and support for the user; practicality, strength and functionality for the carer and durability and value for the client. Cura really does provide an outstanding level of care.

100% designed and manufactured by Workspace, the Cura chair boasts a strong frame with slim lines and style coupled with the necessary reinforcement to be able to handle the day to day rigors of high level commercial use. Cura is available with castors on the front two legs to assist with chair positioning while the occupant is seated. With custom fabrics and finishes available, Cura is the perfect allrounder for the aged care and hospitality sectors.
