

UPPERCUP

Hi

Thank you for purchasing from Uppercup, we really appreciate your support.

We are a female-led business that focuses on locally manufactured eco-friendly and sustainable products.

By choosing our product, you are making a substantial contribution to eradicating single-use products and supporting Australian small business and jobs.

Co-Founders:
Felicity Ford & Claudine Fessey

Collectively, this action makes a big difference.

We work off a social enterprise methodology. This means:

- We choose to design, operate & manufacture locally in Australia.
- We know the families and people who make your products.
- Through local jobs, we directly support & employ women from a refugee background.
- All packaging is made in Australia of 100% recycled cardboard.
- All parts are replaceable & recyclable at the end of life.

Certified

This company meets the highest standards of social and environmental impact

Corporation

Manufacturing with Tritan means we can produce locally in Australia, which we cannot do with materials such as glass etc.
