Benefits

- Cools the body naturally, inhibits bacteria growth and absorbs moisture

-
- Premium quality quilting creating supportive comfort whilst eliminating pressure
 - Guarantees the long life of the mattresses

-
- Premium Quality foam optimize your sleeping experience, superb comfort and durability
 - Conventional Foams enhance your sleep while ensuring pressure point relief
 - Stabilizing bars create a central zone and stabilise the sleep surface reducing partner disturbance.

-
- One Steel High Tensile rating, excellent durability and support. High quality spring unit designed for long life.
 - Stabilizing bars create a central zone and stabilise the sleep surface reducing partner disturbance.
 - Smart Edge technology uses high density foam giving the sleeper a more consistent feel all over the sleeping surface.
-
