## Foreword

A foreword? In a brochure? Well, it's a funny story...

I'm Michael, Rosie's Son and General Manager of NIGHT N DAY Comfort. 33 years ago, Mum invented the modern cloth nappy (all thanks to Dad's hesitancy to change my square towel which used those "barbaric pins"). Unbeknownst to Mum at the time, this was not just an amazing invention but the birth of our Australian story.

This brochure is much more than just a brochure, it's how our story started, and how we've evolved over the decades through our dedication to innovation. Our products are much more than 'just products,' they're life changing solutions for our customers.

Our now 2nd generation family business continues to grow in both offering and awareness, guided by Mum's wisdom and our clients' support. Indeed, Night N Day continues to grow thanks to your word of mouth.

We thank you for your recommendations and referrals to friends, family, colleagues, groups and communities. Mum and I are forever grateful for your support over the past 33 years.

Your support and feedback are amazing and incredibly humbling. There is nothing more rewarding than to receive your positive feedback and to feel the love from our customers, which constantly reaffirms that we are making a positive impact and real difference by providing dignity, comfort and confidence to those who deserve it the most.

Please enjoy the read and here's to 33 more!

## Our Story

NIGHT N DAY Comfort began over 30 years ago, in 1989 by Rosemarie Lakiss-Smith (Mum) under the 'Minappi' brand.

Mum had just had her first child - Michael (me!) - and was having difficulty convincing "lazy Rod" (Dad) to change my nappy as it used "barbaric" pins to fasten a towel square. Mum swears he was just lazy and it had nothing to do with my safety. Thanks, Dad! In Dad's defence, this combination of towel squares and pins was the only option for parents at the time. Thinking "I'll show him," Mum invented the babies 'Minappi' - the world's first Snappy Nappy and Modern Cloth Nappy!

Over time, demand grew from Disability and Aged Care and Mum continued innovating and creating Australia's first, and now, the world's most complete range of washable and reusable continence products and incontinence solutions.

In the last few years, Mum has passed the baton to me, ensuring that NIGHT N DAY Comfort continues providing solutions to our Customers, current and future, in Australia and around the World.

All of our reusable products are still proudly Australian Made by us in Sydney, Australia.

## NIGHT N DAY COMFORT

# BONDS<sup>®</sup>

We have been working with BONDS products for over 20 years, creating an amazing range of very comfy, very leak free undies.

Our BONDS x NIGHT N DAY range is for Women, Men and Kids and designed to look and feel like regular underwear – because they are! They are a discreet and stress-free solution for light leaks. For both light bladder leakage and periods too!

In fact, a Girl's and Women's pee and period proof pant was in such high demand that we created a specific branded range for 'ladies who leak' – FemmeUndies

For further information on our range of FemmeUndies, visit:
