Portable Petrol Capstan Winches

Neumann Equipment portable petrol capstan winches are specifically designed for contractors to enable them to haul various equipment. They are manufactured from high quality components that will provide many years of dependable service.

All of our portable petrol capstan winch designs are verified using Finite Element Analysis (FEA), manufactured and tested to meet marine industry standards. They are Built Tough and Designed to Last!

Standard Inclusions:

- Lightweight design for ease of mobility.
- Gearbox is a rugged and dependable reduction drive.
- Reliable and economic 4 stroke engine.
- 100mm diameter aluminium capstan.
- 1 tonne model is fitted with lift handles.
- 2 tonne model is fitted with a central lift point.
- Base frame incorporating hold-down locations.
- All steelwork is grit blasted and primed with two-pack epoxy primer and finished with heavy-duty two-pack epoxy polyamine industrial coatings.

Available Options:

- Capstan options up to 300mm. Note: changing capstan size will affect line pulling capacity.
- Guarding and Mobility pack to suit PPCW2000.
- Operator screen protection.
- Tow hitch pack – anchor the winch to a suitably rated recovery hitch.
