

Camp King Industries PEAK SERIES

Take your vehicle to the next level with our 100% Australian Made Peak Series Topper!

Our Peak Series really packs a punch and has left lasting impressions on some big stages already.

Released in the United States in 2018, first displayed at the SEMA trade show in Las Vegas, the unit has now been featured in marketing material of a wide variety of associated overland products such as Maxxis Tires

It was January 2020 when this product was released to the Australian market with the range continuing to grow as new model vehicles are released.

Each topper is handmade on site by our qualified tradesmen with the quality you expect from Camp King Industries. We only use the highest quality fittings and hardware to ensure you have peace of mind when it comes to product longevity and functionality.

Camp King Peak Series are the perfect addition to your vehicle and are compatible with our Camp King Industries Roof Top Tent.

- 3 door powder coated unit finished with high quality fittings
- CNC laser cut and folded
- Fully TIG welded construction inside and out
- Lightweight aluminium
- Stylish and streamlined look to compliment your vehicle
