

PREMIUM COMBINATION PINTLE HOOK CM352

PRODUCT SPECIFICATIONS

The Couplemate™ [CM532 Combination Pintle Hook](#) suits a 3" ring coupling and a 3500kg 50mm ball coupling. This component has a D-Value of 26.7kN and a V-Value of 16kN S = 600kg.

The CM532 is supplied with four 1/2" Grade 8 bolts and nuts. The Safety Pin, Clip and Chain is also included in the box. This component uses a 50mm ball with a 1" shank and 1" UNF Nylock Nut.

PRODUCT DIMENSIONS

The following product dimensions apply to the CM532:

- 275.20mm from tip to tip of the yellow horn
- 179.87mm from back of mount plate to outside tow ball sleeve
- 183.40mm from flat tow ball edge to bottom of shank
- 110.00mm from top of sleeve to bottom of shank
- 45.00mm from vertical bolt hole centres
- 85.00mm from horizontal bolt hole centres

WEIGHT RATING

The CM532 Combination Pintle Hook is rated at 6 tonnes for ring couplings and 3500kg for ball couplings. Please ensure you check your vehicle towing capacity before installation and use of the product.

MATERIALS & MAINTENANCE

The Couplemate™ CM532 Combination Pintle Hook body is made from ductile iron. The CM532 tow ball is made from a medium tensile steel. The CM532 Combination Pintle Hook Tow Balls requires visual inspections to check any signs of wear. Should a replacement tow ball be required, ensure you inspect the shank hole on the cast body for any wear. Replacement Tow Balls (CM291-4) can be purchased and be torqued to 553Nm. Replacement safety pin, clip, and chain (CM505) can also be bought from Couplemate™.

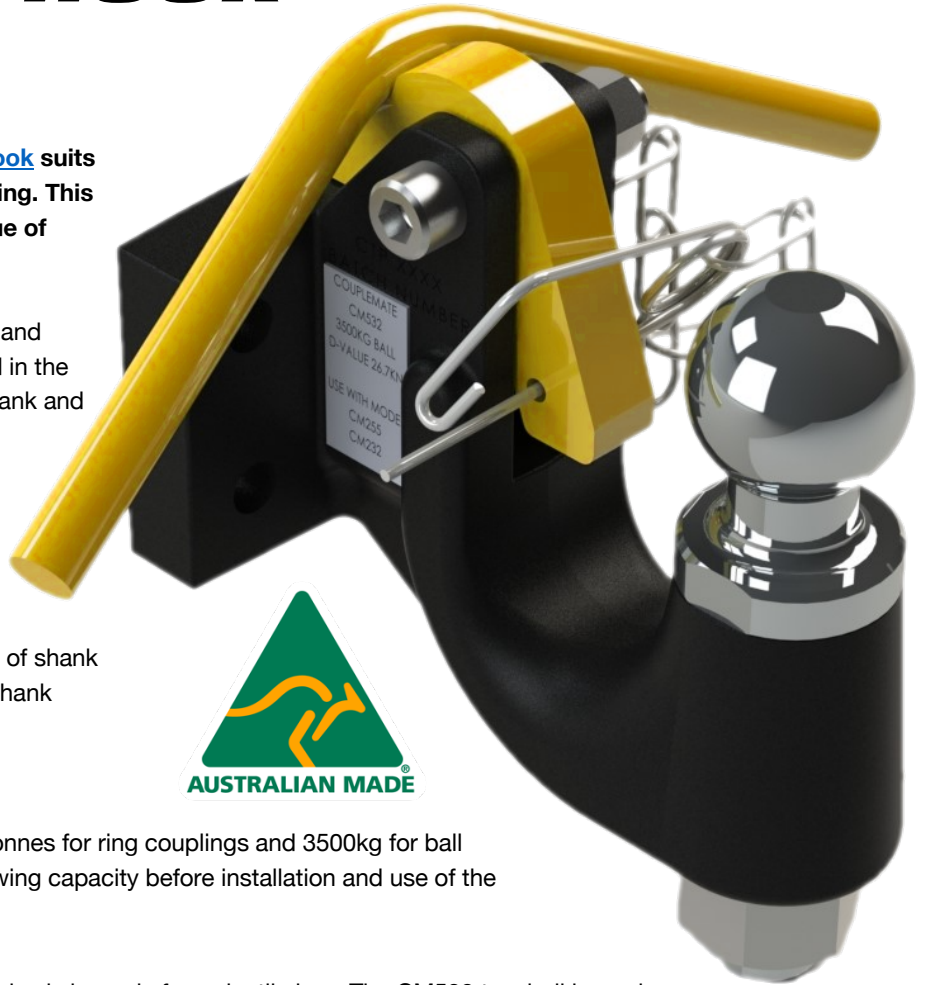

GAURANTEEE

Materials and workmanship are guaranteed to be free of defects for the serviceable lifetime of the product (when used as recommended). For further information, call our sales team on +61 7 3348 3822.
