PAIN RELIEF CAPSULES

For Muscles & Joints

with **Palmidrol (PEA) 150 mg + Curcumin 250 mg**

EASE. RELIEVE. REPAIR.

Palmidrol (PEA) is an analgesic and relieves mild:

- Pain and Inflammation
- Arthritis and Osteoarthritis

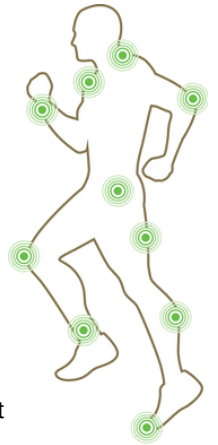

Curcumin enhances and improves:

- Muscle Recovery time
- Mild Inflammation

Award winning LipiSpurse dispersion technology - a patented delivery system.

Allowing Levagen®+ and Hydrocurc® to be effectively absorbed by the body.

- ✓ Peer Reviewed: Backed by Science.
- ✓ Higher bioavailability of active ingredient.
- ✓ Hydrocurc® contains 90% Curcuma Longa extract (85% Total Curcuminoids).
- ✓ Hydrocurc® is proven to achieve 807ng/ml curcuminoids in blood plasma.
- ✓ 1.8x more active PEA in Levagen®+.

For best results, we recommend using with **Synxeaze Pain Relief Cream.**
