Pop

Pop

The Pop table is Workspace's latest table range offer and is our range of Drum and Cone bases. Available in a timber look with veneer or battens, this simple yet stylish range will liven up a space and the conversations around it.

With a wide range of options from coffee table height to standing height and tops up to 1350mm in diameter and 1200x1200 for square tops, the table range is suited to any environment. The top itself comes in a wide variety of options from veneer to laminates and can be completely customisable for your environment.

Pop can be used in pairs for customised elliptical tops, rectangular tops, "D" end tops and other suitable shapes, which make the possibilities truly endless!
