Travel X

'The process of making a journey, movement typically in a constant or predictable way'.

Simplicity and speed is the key when it comes to the latest inclusion in the Travel product range from Workspace commercial furniture.

Travel X is your express height adjustable desk solution. 1 box plus 1 top equals quick and easy to assemble height adjustable functionality at your fingertips - within minutes!

Providing all the same functionality as the standard Travel electronic products but in a fraction of the time the Travel X desk is a rapid deployment solution you require. Whether it be for site offices, temporary work spaces or dynamic work environments Travel X provides the versatility and functionality you need.

With short lead times and super quick installation Travel X will have your team functioning at full capacity, in any space, in no time!
