

Health Flex Mattress

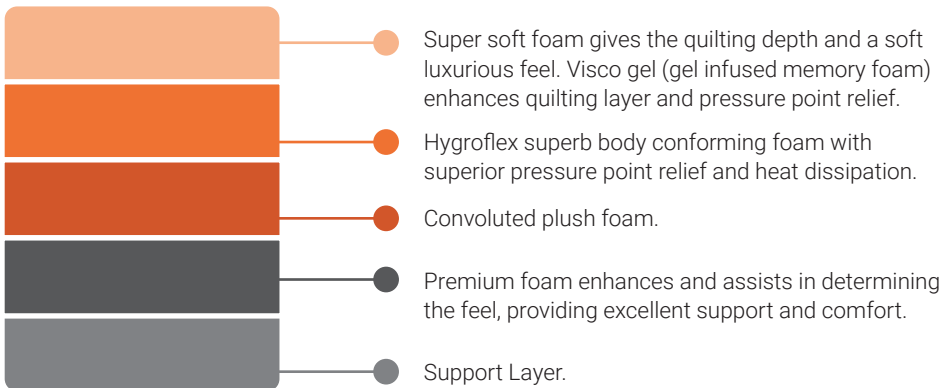

Health Flex Mattress

The Australian Made Oscar Health Flex mattress has been developed to assist in providing therapeutic benefits as well as superior comfort and functionality. With Soft, Medium and Firm feels and side wall option, there is a Health Flex to suit your needs. The Health Flex utilises Joyce Hygroflex foam which was tested by RMIT, discovering the following benefits:

- More effective pressure redistribution than traditional memory foams
- Superior airflow, diffusing body heat more rapidly
- No 'sinking feeling' that most memory foams experience
- Generates less force, reducing friction and minimising the risk of developing pressure ulcers

HEALTH FLEX LAYERS

SPECIFICATIONS

SINGLE	920mm x 1870mm	3'0" x 6'2"
LONG SINGLE	920mm x 2030mm	3'0" x 6'8"
KING SINGLE	1060mm x 2030mm	3'6" x 6'8"
DOUBLE	1370mm x 1870mm	4'6" x 6'2"
LONG DOUBLE	1370mm x 2030mm	4'6" x 6'8"
QUEEN	1530mm x 2030mm	5'0" x 6'8"
SPLIT QUEEN	760mm x 2030mm (per side)	2'5" x 6'8" (per side)
KING	1830mm x 2030mm	6'0" x 6'8"

“RMIT research proves Hygroflex provides more comfort and is more effective in reducing pressure sores than traditional memory foams”

MATTRESS PROTECTION Additional Cover options

Health Flex Refresh- Washable Cover

- Waterproof surface – spill needs to be attended to
- Cover is machine washable, guaranteed for 10 times – cold wash and line dry only
- Textile treated with Adaptive, keeping you cool and dry throughout the night
- 2 part zipped cover for ease of cover removal and re-fitting
- Fitted to Health Flex Mattress core, ensuring all the benefits of the Health Flex Mattress
- Available in full range of Health Flex Mattress sizing
- Removable/Replaceable cover

Health Flex Preserve - Waterproof Cover

- Carflex Extreme cover – hospital grade
- Heavy duty waterproof reinforced vinyl base for improved durability
- Fully welded cover and waterfall covered zip for superior sealing and infection control
- Grab handles welded to mattress to assist with handling
- Fitted to Health Flex Mattress core, ensuring all the benefits of the Health Flex Mattress
- Available in full range of Health Flex Mattress sizing
- Australian Made
- Removable/Replaceable cover

MATTRESS BOLSTER

A bolster can be added when additional length in a mattress is required, adding 30cm to the length. The bolster is secured with a zip to limit any movement.

Available to suit:

- Single
- Long Single
- King Single

PRESSURE REDISTRIBUTION

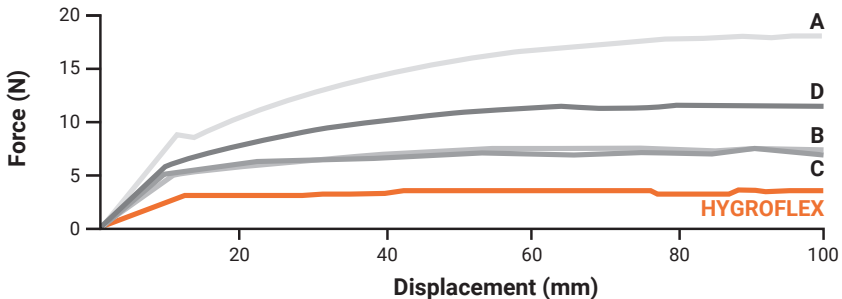

Envelopment refers to how well the support surface conforms to the contours of the body. High envelopment levels allow for better pressure redistribution.

HEAT DISSIPATION

Thermal diffusivity (x) measures the rate of heat transfer of a material from the hot side to the cold side. In a substance with high thermal diffusivity, heat transfers

REDUCED FRICTION

Completing a full rotation on Hygroflex requires less force than on traditional memory foams. Low resistance to rolling motions reduces frictional force on the skin.
