Caltex

"We're very happy with the product and will definitely use it again."

Damian McHugh
Plant Maintenance Supervisor
Cleanaway

PRODUCTION AND SUPPLY

- Manufactured in Australia using the highest quality raw materials
- Orders despatched within 10 to 15 working days
- Wide range of standard sizes, grades and colours
- Custom-made products without the usual non-standard premiums
- Easily retrofitted without downtime required.

Vigil Antislip products differentiate changes in height and provide slip resistance wherever spillage or soilage occurs, eg water, grease, oil, detergents, ore dust, metal shot, rubble, garbage, food or drink.

SAFETY AND QUALITY ASSURANCE

Comprehensive and highly effective quality and safety management policies and procedures have been developed, implemented and are monitored internally.

COMPANY VALUES

- ***We proudly add to quality of life worldwide by manufacturing safety products that eliminate slip and fall related injuries.***
- *We ensure the success of our business by conducting ourselves in an ethical manner as we pursue, promote and develop opportunities to realise and enhance the benefits to our stakeholders.*
- *Our dedicated personnel exceed customer and distributor expectations by continuously improving products, systems and services.*
- *We provide a working environment that is safe, fulfilling, rewarding and supports all personnel to realise their full potential.*
