Cleanser

This clever Cleanser is designed to work as a no-poo to gently clean and hydrate the hair and scalp with virtually no lather.

METHOD

- 1 Completely saturate hair with warm water to open the cuticle.
- 2 Apply to hands and distribute evenly in palms and fingers before applying to hair and scalp.
- 3 Massage into scalp with fingertips to remove product, dirt and oils. Add more warm water and let it run right to the ends, scrunching as you go. This technique will gently clean the hair and help activate the curl. It is important to always cleanse twice and use good tension with your fingertips.
- 4 Rinse out with lots of water, making sure not to remove too much water and leaving the hair saturated in preparation for conditioning.

FRAGRANCE FREE - 15mL Sachet | 450mL

Curl Gel Dry Weather Clever

The humectant properties in this gel provide a firm cast and attract further moisture to a dehydrated curl. Works perfectly in a dry climate.

Both Curl Gels may be applied using the following method:

METHOD:

- 1 After your leave-in routine, apply to palms and distribute evenly using your preferred technique such as; raking, praying hands.
- 2 For more accentuated curls gently scrunch hair to encourage stronger curls.
- 3 Let gel set until cast is 100% dry. Allowing hair to dry naturally is best, however if using a blow dryer ensure it is set to low heat and a diffuser is attached.
- 4 Using your hands scrunch out the crunch to reveal those glorious bouncy curls!

Did you know you can Refill your Clever Curl products?

Clever Curl is part of the Ethical Brand Co range of high performance professional hair care products, brought to you by a passionate group of eco-conscious Australians. The team at Clever Curl are committed to reducing 'single use plastics' and the further impacts of importing plastics from overseas.

MADE FROM 100% RECYCLED MILK BOTTLES

As part of our eco-initiatives we have designed the Clever Curl packaging to have the smallest possible impact on the environment and remove the need to dispose of each bottle after use. We are thrilled to announce that after much research, testing and trialling, we are transitioning most of our plastic, refillable, Clever Curl bottles to 100% recycled land waste plastic. *Milk bottles to be exact!* We estimate that the majority of our packaging will be manufactured from 100% recycled plastic from early 2023.

All Clever Curl bottles are manufactured in Australia and can be easily refilled and re-used over and over. When your Clever Curl bottle is empty, we encourage you to refill it or re-use it for another purpose rather than send it off with your recycling.

Salons that stock Clever Curl can offer you a refill from their basin bottles or a special refill station. Best of all, most salons will offer a reduced price when you refill your bottles which saves you money while you reduce the impact on the environment.

For a list of salons check our stockists page on our website and ask your nearest stockist if they offer Clever Curl refills and if not why not?

Your conscious decision will make a difference. Scan here to learn more.
