

# Have you tried Australia's leading soak tank cleaning system?

These are the top 10 reasons why you should try an Oz Tank in your kitchen:

- Removes all baked on carbon
  - Removes all oil and grease
    - Cleans your filters
- Saves you hundreds of dollars
- No more scrubbing means at least fifty hours of labour saved every month
  - Energy saving green solution
    - HACCP approved
    - Kills all bacteria
  - Environmentally friendly non-caustic chemicals
- Fully serviced on a monthly basis by Oz Tank Staff

Over 7000 bakeries and restaurants worldwide use our tanks for very good reasons; they work, they save on labour and money and improve hygiene.

**“Most of our business comes from chefs referrals”**

As used in many of Australia's busiest kitchens and bakeries including: Hellenic Republic, The Boathouse, Mamasita, France-Soir, Rococo, Coles and KFC

Oz Tank works 24 hours a day. Simply leave your grill tops, filters, pots, pans and any other metal or even silicone baking equipment to soak in the tank and all the carbon and grease will be removed.

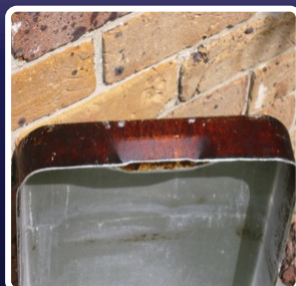

Seeing is believing so contact us today to see how effectively Oz Tank will work in your Kitchen.

No Contracts. Only keep it if you love it.
