

Pictured: Aquafil Solo 900BF, City of Kingston - Dales Park Netball Courts (VIC)

The Solo drinking fountain and bottle refill station is a robust, compact unit built to withstand outdoor public environments.

Two anti-bacterial bottle refill nozzles and a drinking fountain with soft mouth guard ensure that users have access to safe and accessible drinking water. The 900mm height makes the product ideal for middle and senior school campuses, sports precincts and other outdoor grounds.

Product features
