

PURE SUPPORT LATEX MATTRESS

Achieve perfect spinal posture while you sleep

For a firmer, traditional latex mattress feel, our multi award-winning Pure Support mattress is ideal for those who seek buoyant support and gentle pressure relief.

With over 66 years of experience in every stitch, your Pure Support mattress is built to order by our Mattress Artisans using techniques finessed over decades. Your new mattress contains 200mm of pure and natural latex in either Medium or Firm density, with hundreds of pin core holes providing quintessential support to all areas of the body and increased breathability. The pin core holes create seven posture zones for pressure relief in the shoulder and hips, and superior lumbar support for your lower back. The Pure Support mattress was awarded ProductReview.com.au's Latex Mattress of the Year for both 2020 and 2022, and is rated 4.9 stars based on customer reviews.

Sleep Healthy

Peace of mind meets creative ingenuity and full transparency. Easily see exactly what is inside your mattress. The removable Bamboo cover is able to be laundered separately for a hygiene refresh.

Sustainable Luxury

Supple, soft and renewable - the luxurious Bamboo cover provides a layer of softness and a cool, breathable sleeping surface. The latex of your Pure Support mattress is 100% pure and natural.

Timeless Design

The double-sided design allows you to flip and rotate the mattress, ensuring even wear and longevity.

Luxurious Bamboo Cover

Bamboo is a supple, renewable fibre that is twice as effective as cotton at drawing away heat and moisture from your body. The Pure Support's cover is machine washable to maintain the freshness during its expected 25–30-year lifespan.

100% Pure Latex

Rest your body on our pure and natural latex, the highest quality material, sourced from sustainable rubber plantations in Malaysia. Our pure latex is certified as safe and natural by the world-renowned authority on environmental and health related toxicity, 'ECO- Umwelt Institut GmbH'.

Optimal Spinal Support

Your Pure Support mattress is orthopedically designed with seven zones, to aid in lumbar support and maintaining spinal alignment. Available with a medium or firm density latex, your mattress is built to order with your comfort in mind.

Sumptuous Comfort

Flip your mattress to experience the same comfort. The dual-sided design aids longevity, while ensuring every curve and contour of your body is supported. As latex is the ultimate in durability, the Pure Support has 100% memory, readopting its original shape and moving with your body as you roll.

Sleep Cool

Your new latex mattress has millions of interconnecting air cells which self-ventilate as you sleep. We ensure that our latex is pure and natural with no memory foams, polyurethanes or chemical flame retardants used in the manufacturing of your mattress, resulting in a cool and comfortable sleep.

Adjustable Base Option

Reset, reduce stress and relax by pairing your Pure Support with a Glide Adjustable Base. One of our bases will allow you to personalise every element of your sleeping experience.

Size Options: Single, Long Single, King Single, Double, Queen, King or Super King. Custom sizes also available.
Cover Options: Quilted Bamboo, Stretch Tencel® or Organic Cotton.
