EQUINE

Mount Ease

- Provides respite from strain to both rider and horse. Additionally there is no pressure on the rider to maintain balance on an unsteady or uneven mounting surface.
- Base is 70 cm and carrying capacity is 150 kg
- Tough, lightweight (6.4 kg)
- Height is 55cm
- Handy step for various uses ie tail spraying
- No-skid tread on steps

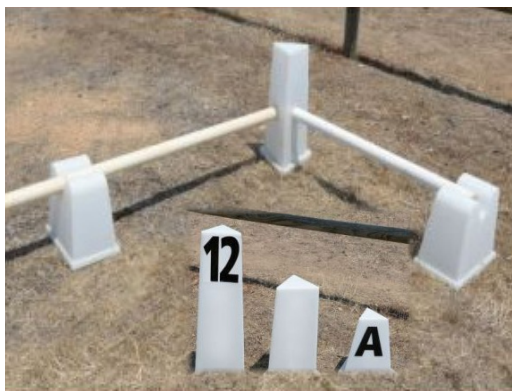

Plastic Grain Shovel

- Virtually unbreakable
- UV stabilised for long life
- Food grade polypropylene
- Light weight and rust, splinter and corrosion resistant
- Available in White, Blue, Green, Red, Yellow, Hot Pink & Orange.

Arena

- A complete arena comprising 50 stands, four corners and 12 markers makes a 20 x 40 or 60° arena Depending on your PVC pipe lengths.
- Included with the markers are letters or numbers as requested.
- The stands are 40 cm in height and can take up to 50 mm pvc pipe in diameter.
- Arena Marks available in 40cm, 60cm & 90cm.

Corner Feeder

- UV stabilised
- Heavy duty gal brackets
- 45 litre capacity
- Also useful for liquid feed supplements
- 46 x 46 x 24cm

D-Feeder

- UV stabilised
- Heavy duty gal brackets
- 45 litre capacity
- Return lip around top prevents feed from being blown or dragged out
- 48 x 43 x 25cm

Can't Tip Trough

- Inner 50cm, outer 80cm square, 10cm deep
- Holds one biscuit of a small lucerne hay bale
- Volume 25 litres suitable for water
- Light weight at 3.5kg, easy to carry, easy to hose out and stackable for storing or travelling.

Hay Rack Feeder

- Suitable for paddocks or stables
- Return lip to prevent feed loss
- Large catchment area for feed spillage
- Heavy duty gal brackets
- Wide mouth to fit hay biscuit
- UV stabilised with lid
- Dimensions - 60 x 46 x 67 cm

Versatile Grazer Feed Bin

- The bin is 56cm in diameter and 65cm tall without the lid.
- Total weight of the three components is about 8.5kg
- Perforated grazer moves down as the level of hay falls.
- The bin and lid may be used as a rodent-free chaff bin or for equipment storage, the solid inserts may be used separately as water troughs.
- Available for Horses & Ponies

Cavaletti Jump Pole

- The standard length of pole - which comes as four components parts - is 2.4 metres;
- Inter changeable compartments that screw together.
- Pole can be lengthened, or shortened as required in 600 mm increments.
- Available in a wide range of colors.

Cavaletti Ends

- Twenty different jumps may be made - including uprights, spreads and parallels.
- Can be part-filled with water or sand for increased stability.
- The poles are readily pushed off the shallow positioning cups formed in the ends.
- The pole is designed to breakaway at one of the junctions of a pole component body and its formed screw end if enough force is applied.
- Easy to carry handle and light weight at 5kg each.
- The whole set weighs 10kg ▪ UV stabilised.

Keyhole Jump Stands and Cups

- The stand height is 1.8 metres; each upright is fabricated from two lengths of steel angle to form a 5cm square tube with rounded corners and 1.5mm wall thickness.
- The uprights slot into a 60cm x 60cm x 20cm high rotomoulded base that may be water-filled for stability.
- The jump cups are rotomoulded with zinc plated steel button mould inserts that slot in a selected keyhole pair and are designed for use with our cavaletti poles.

Tri-jump Stands and Cups

- Minimum jump height is 22cm and maximum 120cm.
- 10 jump height setting to choose from.
- Interstackable for easy storage and transport.
- Weighs 3kg.
- Cups slot into all three sides with no sharp corners.
- Peg holes in base makes these easy to secure.

Aluminium Grain Shovel

- Hi grade aluminium blade.
- Anti-spark for safety.
- Heavy duty fibreglass handle.
- Lightweight capacity.

20 Tine Stable Rack

- Designed to rake, fork, shovel manure, straw, saw dust, mulch, bark, wood chip etc.
- Long fibreglass handle with comfort rubber grips.
- New double tine double weld design created increased strength & durability.

Mini Silo, Lid & Stand

- Ideal for all sorts of animal feed including that for dogs, cats, horses, birds, chickens, sheep and calves.
- Industrial uses include, powders, grains, seeds, pellets, sawdust, and other numerous dry products.
- The silo is also vermin and weather proof as well as being UV stabilised.
- Mini Silo's volume is 200 litres.
- 64cm x 64cm x 140cm
- Includes the metal stand.

FeedMaxx Plastic Feed Scoop - 1 litre & 2 litre

- Reinforced ribbed handle for longer life and shatter resistant.
- Unique flat edge to enable easy product collection.
- Half level indicator on inside.
