

Inspiring work

Smart office furniture to inspire people, places and productivity

OFFICEPACE

Redefining office furniture

The perfect fit...

For generations, we've made it easy for Australian designers, builders, project managers and businesses to create exceptional office spaces that inspire great work.

Our office furniture collections are designed and produced to the highest standards. However, we're much more than a supplier: our in-house manufacturing capabilities mean that our products reflect pride, quality and commitment like no other.

Our proven engineering expertise and large local production facility provide you with value and total flexibility. We can craft exactly what you need, from budget-friendly standard styles to complete furniture customisation.

We handle all-sized projects with quick turnaround, surprising affordability and end-to-end convenience that includes custom joinery, installation and dedicated after-sales service.

...for you

At OfficePace, we don't provide cookie-cutter solutions.
We exist to create value for our clients and their stakeholders.

For architects and designers, that means helping you create an impressive, client-focused space that's built for purpose. Enjoy convenient online tools, versatility and clarity to make design and product specification easier.

How we make it happen

- Innovative, on-trend office furniture and fittings, backed by clear product information.
- Fresh ideas, immersive Designspaces and real-life examples to supercharge your vision.
- Easy, affordable customisation and value engineering, paving the way for tailored solutions within budget.
- Exact prototypes (as specified by you) so your clients can provide feedback at the front end.
- Personal service and tools: the product answers and insights that you need at your fingertips.
- A collaborative approach driven by your project challenges and your client's workplace and employee needs.
- Sustainable choices backed by Global GreenTag certification.

Designed for people and planet

From activity-based working to needs-driven design, we're proud to be at the forefront of modern workplace thinking. We're across the latest office design trends and ergonomics research, all backed by decades of experience. We help you create smart workspaces that clients love – and where people, projects and productivity reach their full potential. And we do it all with our planet in mind, steered by a Product Stewardship Program to minimise environmental impact.

A photograph of two men in a professional setting. One man, wearing glasses and a blue shirt, is seen from the side, looking towards the other man. The second man, also in a blue shirt, is standing and holding a large white folder or document. They appear to be in a meeting or discussion. The background is bright, suggesting a window or glass wall.

About us

Family with foresight

A third-generation family owned and run business, our capabilities are backed by a genuine, personal approach. OfficePace is built on a proud heritage and loyal client relationships – always underpinned by the most dynamic designs.

Full commitment

We work relentlessly to deliver office furniture solutions and service you'll love: all the way from our hands-on Director, Joel Kennard, to our outstanding client services and production teams.

Focus

We are steadfast about the principles that guide us, including value for money, on-time delivery, proactive problem solving, exceptional communication, total responsibility (to the last detail), and complete client satisfaction every time.

Facilities: local, Australian manufacturing

With a sophisticated manufacturing facility and specialist production team of more than 80 we can meet different needs with speed and precision.

The OfficePace difference

Proudly Australian-owned and made

Our manufacturing facility, covering 10,000m², gives us control of the entire production process, timeframes and quality.

Complete customisation

We can re-engineer our products – including structure, configurations, colours, finishes and fabrics – often at the same or less cost than most off-the-shelf solutions. And we build exact prototypes for users to test before decisions are made.

Inspiration for any budget

Cutting-edge designs, latest performance features and a variety of price points – including exquisite Italian and German products.

Short lead times & proven turnaround

A rock-solid reputation for delivering exceptional quality, fast – plus 100% on-time delivery over last three years.

Superior quality

All components are researched and tested and accredited to national and international standards.

Steadfast service

Big enough to handle major projects, small enough for speed and agility, with the traditional values and personal service of a family business.

Peace of mind

Our service comes with a can-do attitude, long-term commitment and product guarantees.

Experience your vision

Our **Designspaces** are inspiring environments for designers, construction professionals, fit-out companies and businesses to interact with forward-thinking office furniture.

Working with the talented team at Inscape Projects Group, we created the ideal settings to showcase our furniture in real life – with a range of collaborative, breakout, meeting and quiet zones that demonstrate the future of agile working environments. With locations on Australia's East and West coasts, they include our latest ranges plus our exclusive products from Italy and Germany.

Our leaders

Our experienced, dedicated leadership team have lived and breathed office furniture for generations.

Joel Kennard

Project Director

A strong background in Finance, Sales and Marketing to underpin industry expertise + a passion for delivering exceptional service through high-value, quality solutions that meet client expectations.

Nathan Kennard

Managing Director

Over 25 years direct experience in furniture design, manufacturing and project delivery + deep knowledge and industry insight.

Oliver Kennard

Operations Director

Constant focus on R&D through market research, design consultancy and ongoing trend analysis + strategic alliances with leading manufacturing and supply partners.

Services + support

OfficePace is a full-service team, from space planning and product solutions through to installation and ongoing care.

Office furniture design and manufacture

Quality, choice + flexibility

- Design and manufacture an exceptional range at our Australian manufacturing facilities.
- Exclusive distributors of Quadrifoglio (Italy) and other European designs.
- Capability and network to manufacture or source specialised and bespoke products.

Furniture planning assistance

So your investment pays dividends

- Work with you to understand the space, work styles, culture, needs and budget as the first step.
- Incorporate the latest furniture and workplace research to recommend spot-on solutions.
- Help with furniture configuration to maximise the space's potential.

Customisation and value engineering

Tailor-made to deliver form, function and value

- Engineer furniture to tailored specifications and needs.
- Pinpoint clever solutions for varying budgets, ensuring that any customisation is always cost-effective.

Supply chain management and logistics

Single source for ease and assurance

- Source and supply all your furniture, fixtures and equipment as your single point of supply.
- Keep your project on track and avoid cost blowouts through simplicity and transparency.

Installation and ongoing care

For long-term performance and success

- Provide warehousing, installation, joinery and after-sales support in partnership with OPEN4, a national leader in smart logistics and turnkey FF&E.
- Deliver and install with minimal business impact.
- Offer warranties, audits, replacements and spare parts.
- Ensure product development and supply continuity that makes it easy to add or update furniture in the future.

We care

At OfficePace, we care about people and the planet. That's why quality, safety and sustainability are front and centre in everything we do: from the materials we use, to the packaging we choose and our manufacturing and installation projects.

Quality

Our processes are quality certified (ISO 9001, 14001 and AS4801 accredited), we use only the best materials in manufacturing, and take every opportunity to obtain materials from sustainable sources.

Environmental responsibility

One of the only Australian office furniture manufacturers with a Product Stewardship Program, we minimise our environmental impact through sustainable sourcing practices, careful waste management, a solar energy scheme and a focus on 'reduce, reuse and recycle'.

Safety

We adhere to the latest safety standards and practices in product design and manufacture, and in managing our operations and facilities.

Social responsibility

We support our communities by providing local employment opportunities.

Comprehensive warranties + stringent standards

Our high-quality products are backed by clear and strong warranties, like our Strata Selection's 10-year warranty on both frame and motor. We are certified to Australian Standards for health and safety, and International Standards for Quality and Environment.

Solutions that work

Choose from a complete range of local and international high-quality products that can be customised to suit your needs.

Workstations

Full flexibility for a connected, collaborative and configurable workspace. Sit, stand, brainstorm or create: we can customise workstations and desk systems to suit, with accompanying privacy screens.

Seating

Office chairs, café chairs and stools, lounge seating, and meeting and conference chairs – offering style, comfort, practicality and durability for every space.

Tables

Designer occasional tables for reception areas, meeting rooms and boardrooms; conference and training tables; and tables for collaborative spaces.

Storage

Stylish and flexible office storage solutions from personal storage to all types of cabinets and bookcases.

Accessories

The finishing touches for a fully functional office including reception counters and fittings, lighting, monitor arms, power and cabling management, and more.

A world of choice

We're proud to offer two unique office furniture ranges, bringing versatility and flair backed by OfficePace's standout service.

Burgtec Range

Perfect blend of Australian and German design quality

OfficePace's Burgtec seating range exemplifies quality, attention to detail and world-class design born from the traditional values of a family-based business.

Burgtec's extensive range of beautifully designed and ergonomically functional task chairs, lounges and soft seating solutions have been manufactured at our Western Australian facility for more than 35 years.

The Local WA team of specialist craftsmen and women assemble, upholster and hand stitch to the highest specifications.

The Burgtec range also includes exclusive designs from leading German office furniture brands.

burgtec.

Quadrifoglio Range

Affordable European style

OfficePace is the exclusive distributor for leading Italian office furniture manufacturer, Quadrifoglio, in Australia.

Established in over 100 countries, Quadrifoglio has a reputation for quality and a flair for breaking new ground – bringing elegant ergonomics to offices, meeting rooms and visitor spaces.

We're thrilled to bring you this stylish and versatile range of furniture, seating and lighting. All of the items, including the coveted Clue Chair Collection, are available within surprisingly short lead-times and at price points to please.

The Quadrifoglio Group
OFFICE FURNITURE

From vision to working reality

Here are just some of the standout workspaces we've created in collaboration with our clients.

O'Neill & Brown Plumbing

Project Location: Canberra, ACT

Project Manager: Olive Tree Constructions

Architect: Dept. of Design

Project Size: 1,500m²

Engineered a bespoke package to complement amazing interior design concepts.

End-to-end furniture and workstation solution for 1,500m² new world-class HQ.

Culture of collaboration reflected in furniture choices: executive and open-office workstations, breakout and collaborative seating, and executive lounges.

Plus operative, boardroom and reception seating, and loose furniture for added functionality and style.

Delivered customised office furniture solution within six-week turnaround for the busy team.

Lockheed Martin Australia

Project Location:	Canberra, ACT
Project Manager:	Jones Lang Lasalle (JLL)
Architect:	AMC Architecture, Canberra
Project Size:	3,500m ²

Special requirements for security, data integrity, and global design.

End-to-end furniture solution for new Australian HQ.

Sensitive and specific work = flexibility in meeting the specifications and timeframe for this 3,500m² fitout.

High-end fit-out using our premium quality products from Australia and around the world.

Workstations (executive and open-office); seating (operative, boardroom, conference room and breakout areas); outdoor furniture; custom storage; soft furnishings throughout.

Sonder

Project Location:	Waterloo, NSW
Project Manager:	Project One & OfficePace
Architect:	Project One
Project Size:	2,000m ²

Contemporary and distinctive industrial office design to match niche service offering.

Ground floor and mezzanine of corporate office including workstations, task chairs and personal storage.

Seamless collaboration with design team to achieve overall vision.

Met three-week deadline, including product manufacture, with zero faults.

Exceeded expectations on quality, budget and lead-time.

zipMoney

Project Location: Sydney NSW

Project Manager: Amicus

Architect: The Bold Collective

Project Size: 3,500m²

The perfect system of workstations to help an ambitious, agile company to thrive.

Customised workstation solution across two floors.

Matching, seamless but adaptable system to support the different workstyles underpinning this successful company.

Collaborative, activity-based work + static and sit/stand options for individual ergonomic needs.

Delivered over a three-day period, on time and on budget.

Commonwealth Superannuation Corporation

Project Location:	Canberra, ACT
Project Manager:	MSP Projects
Architect:	Peckvohartel (PVH) Canberra
Project Size:	5,000m ²

Five floors in six weeks: from complexity to seamless implementation.

ComSuper consolidated multiple, ageing facilities into one modern headquarters in the ACT.

Specific requirements around technology and IT – so engineered a technical workstation design to match.

Included cable management, partition design and unique height-adjustability with one-touch controls and silent monitors.

Designed, supplied and installed workstations, partitions and monitor arms for the entire fit-out.

Completed in six weeks, with minimal business impact.
