Your Safety

MADE IN AUSTRALIA AND TESTED SAFE FOR YOU

RV are the only responsible manufacturer that designs, manufactures and tests everything they make to Australian design standards right here in Australia. We test our products at Safety Engineering in Adelaide where we have tested our products with head Automotive Engineer Grad Zivkovic for nearly two decades.

We know the horrors that an unfortunate accident can create. Would you risk your family's lives on inferior made products? We take your safety seriously and spend a lot of money making sure you are just that, SAFE.

Mark Oliver

Director RV storage Solutions

"The Oliver Family has a reputation for tough, reliable and innovative storage solutions" – Ron & Viv Moon

WHICH DRAWERS ARE BEST FOR ME?

Here at RV we make three types of drawer systems that gives you the choice on how you spend your hard earned.

Light weight – Premium Alloy

Heavy duty tough – Premium Steel

Tough – EcoLite

Whatever you're doing or wherever you're going, RV has a storage solution for you.

ABOVE: Unique Twin Race bearings designed by RV Storage Solutions.

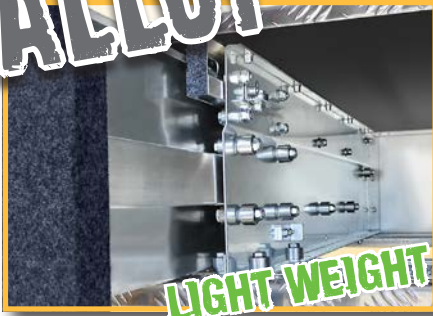

ABOVE: Stainless Steel slam latches with new toughened redesigned barrel lock.

COMPARISON

ALLOY

LIGHT WEIGHT

Here's the facts...

• RV Storage Solutions Premium Alloy

200 Series Land Cruiser Alloy twin drawer system **49kg**
 plus an Inbuilt Fridge Slide to suit a 60 litre fridge **6kg**
TOTAL WEIGHT ONLY 55kg

STEEL

SUPER TOUGH

More facts...

• RV Storage Solutions Premium Steel

200 Series Land Cruiser Premium Steel
 twin drawer system weighs in at **85kg**
 plus an Inbuilt Fridge Slide to suit a 60 litre fridge **12kg**
TOTAL WEIGHT ONLY 97kg

NOTE: Weight comparisons above are done using a 200 Series Land Cruiser twin drawer system as an example. These weight differences are comparative across our entire range of models, prorate.

ECOLITE

GREAT VALUE

And finally...

• EcoLite Steel

200 Series Land Cruiser steel twin drawer system **65kg**
 plus an FS-2 fridge slide to suit a 60 litre fridge **19kg**
TOTAL WEIGHT JUST 84kg!!!

NOTE: Weight comparisons above are done using a 200 Series Land Cruiser twin drawer system as an example. These weight differences are comparative across our entire range of models, prorate.

*Lifetime Warranty on RV PREMIUM drawers when used for Private and Recreational purposes and fitted by an authorised RV Dealer.

Ply Wood

People that build drawers out of wood do so because they can't build alloy or steel ones.

PREMIUM DRAWERS

TWIN DRAWER SYSTEMS

INSET: Auto lock-out latch on Premium

ABOVE: Toyota 200 Series fitted with Premium Alloy Twin Drawers, Half Cargo Barrier and Top Shelf / Dividing Barrier Combo.

Lifetime Warranty when fitted by an authorised RV Dealer.

The twin drawer system actually creates more room as it covers up the wheel arches leaving a large flat floor area, ideal for when you're at home doing normal activities such as shopping, going to the hardware store, buying bulky items.

With the addition of a cargo barrier and or a top shelf combo, your options increase and high level safe loading is now possible.

With our interchangeable wing kits you can take your drawers with you when you change cars.

RV Premium drawers now feature our unique lock out spring loaded lever for safe operation and release.

ADR Load Rating across the system:
STEEL: 400KG - ALLOY: 220KG

PREMIUM BLACK

New Look, The Same Great Product!

Premium Black features new exclusive badging on the black slam latches and tough double baked ripple finish powder coating on the alloy trim giving you a very sleek DARK custom looking Premium Steel or Premium Alloy Drawer System.

RRP +\$180.00

RIGHT: Toyota 200 Series fitted with Premium Alloy Easy Access Combo-2, Fridge Slide-1 and Cargo Shelf finished in Premium Black.

FRIDGE DRAWER COMBO

The Fridge Drawer Combo is a classic WEEKENDER drawer system. It's made of one standard drawer and a fridge drawer. It's been designed with vented side and rear panels to allow airflow for effective and uninterrupted fridge motor ventilation. This combo is ideal for weekends away, the beach, bush picnics, and even the local footy matches.

The best part is that the entire top of the system is free for the rest of all your gear.

The Fridge Drawer Combo is compact, light and comes with all the RV PREMIUM FEATURES!!

**INCLUDES CHOICE OF FITKIT:
WAECO CD-30 OR ENGEL SB30G**

Best of all, they are made here in Australia by the Oliver family so you know they are best on the market.

The Fridge Drawer Combo is available for most popular wagons.

We can supply the fridge when you buy your system or we can use yours.

FRIDGE ENCLOSURE

RV's new Alloy Fridge Enclosure built to suit the popular 130 litre and 85 litre Bushman Upright Fridges. This superbly designed aluminum enclosure has optimum side and top slot ventilation and features a top-shelf with side tie-down retention panels making your stored gear safely restrained and easy to access.

Pre-punched for cable access and Anderson plug connector mounts, this enclosure is powder-coated in a resilient onyx pearl ripple finish which looks fantastic!! The Fridge Enclosure can be fitted onto a flat surface such as the back of a tray back or with the Easy Access Combo in any vehicle. Fridge protection made easy.

85ltr Bushman Fridge Enclosure RRP\$590.00

130ltr Bushman Fridge Enclosure RRP\$644.00

EASY ACCESS COMBO - 1 AND 2

SINGLE DRAWER EASY ACCESS COMBO (EAC-1L)

The Easy Access Combo 1 (EAC-1) is one drawer and space for a low mounted fridge slide in the size you need for the fridge you have.

This combo is particularly useful when you have a large fridge such as a 60 litre or larger and you simply must put it on the floor for it to fit in your vehicle. It is also a safe way to get the fridge down to a manageable height improving the centre of gravity in your vehicle.

A big drop slide will do the same thing but at the expense of most of the room in your car.

ABOVE: This EASY ACCESS COMBO 1L (EAC-1) 1400 features a single Trade Height (H365mm) drawer which maximises storage space, while the new 1400mm long fridge slide (RV-FS-3.5) offers full access to the Waeco CFX fridge, battery pack and jerry cans behind. No wasted space here!

DOUBLE DRAWER EASY ACCESS COMBO (EAC-2L)

Adding the extra drawer gives you more storage and the fridge remains down low. There are many models of Easy Access Combo drawer systems available using your choice of Standard Height (H275mm) or Trade Height (H365mm) drawers.

WAGONS

For wagons the bottom drawer is only available in Standard Height. This is to allow for Half Cargo Barrier fitment. The addition of a trade height top drawer allows for the fitment of a Cargo Shelf-2 if required.

UTES

For utes the bottom drawer can be either standard or trade height with the latter the most popular. Top drawers may be either standard or trade height also. Again, to fit our Cargo Shelf you need a standard and trade height drawer combo.

RIGHT: The 200 Series Landcruiser is ideal for this drawer setup – RV's PREMIUM Easy Access Combo-2L drawer system with our Cargo Shelf-2.

Call us or see our website: www.rvss.com.au for all the details, including sizes, in our downloadable Price List.

BELOW: Nissan Y61 Patrol fitted with Tourer-1

TOURER-1

THIS SET UP HAS IT ALL!

85 litres of fridge freezer, plenty of storage space and a cargo shelf for your tables and chairs or your Sat Dish and Solar panel!!

The Tourer unit is extravagant and the top end of town. Included in the drawer system is a 275mm Standard Height drawer, 365mm Trade Height drawer, Custom Slimline drawer, Double Cargo Shelf, Table top, Extension Table and 85 Bushman Upright Fridge.

Premium Steel

RRP \$5300.00

Premium Alloy

RRP \$5500.00

CARGO SHELF - SINGLE (below) AND DOUBLE (opposite)

SIMPLE, SLEEK, STYLISH AND PRACTICAL

The Cargo Shelf is designed with ventilated side panels to allow cargo to be stacked around your fridge without interfering with fridge operation or motor ventilation.

Manufactured in Australia from 2.5mm aluminium they are finished with a tough onyx pearl ripple finish powder coat to match our Fridge Slides and Cargo Barriers.

The Cargo Shelf is ideal for storing gear like solar panels, fold up chairs and tables, sat dishes, keeping them handy but up and out of the way.

Cargo Shelf-1 RRP \$472.00

Suits an Easy Access 1 drawer system for wagons.

Cargo Shelf-2 RRP \$515.00

Suits an Easy Access 2 drawer system for wagons.

Cargo Shelf-1400 RRP \$730.00

Suits an Easy Access 1 ute drawer system.

RIGHT: Here's the Cargo Shelf 1400 fitted to an RV PREMIUM Alloy EAC-1 drawer system in a Colorado dual cab. What more could you want?

INFILL PANEL - EASY ACCESS COMBO-1

Infill Panel are available to suit Easy Access Combo - 1L and create a flat floor when the fridge is removed. Below left is an image of a Prado 150 with an Easy Access Combo -1L with a fridge in the low mount gap for easy access.

On the right, the same setup has been adjusted to give a nice flat floor by simply removing the fridge when not required and fitting the optional Infill Panel.

EAC-IFP-800mm	RRP \$139.00	EAC-IFP-1300mm	RRP \$203.00
EAC-IFP-900mm	RRP \$149.00	EAC-IFP-1400mm	RRP \$203.00
EAC-IFP-1000mm	RRP \$160.00		

SLIMLINE DRAWER

The **NEW SLIM LINE PANTRY DRAWER** is constructed from 2mm aluminium alloy and uses quality 100% full extension 30kg rated runners.

It can be used as a stand alone drawer which is easily mounted to any flat surface. The smooth drawer slide action is complimented by the clip lock latch to keep the drawer from sliding out during travel. Finished in tough marine grade carpet inside and out, which is easy to clean, the drawer has a flush mount finger pull handle.

SLIM LINE PANTRY DRAWERS – RRP \$620.00

SL-TT-0957	L382 x W570 x H12mm	SL-TT-0157	L432 x W570 x H12mm

FORWARD TWIN FLOOR

The rated Forward Twin Floor storage system has been designed for maximum safe vehicle storage.

The rear passenger seats are removed and a rigid powder coated steel frame is bolted to the floor and to the RV drawer system. Carpeted marine ply floors are installed creating a vast storage area top and bottom. A forward rated RV Half Cargo Barrier can be installed (recommended) in addition to the rear half barrier giving maximum driver protection.

This system has been vigorously tested by our automotive engineers and road tested by RV in harsh outback conditions. It will stand up anywhere you want to take it and proved an absolute godsend living out of the vehicle for a month or more. If you intend to do long stints in the bush with your vehicle this system is for you. If only the bottom floor is installed, larger fridges can be mounted straight to the floor for side door access.

The Forward Twin Floor is an extremely versatile storage option for a couple on the move

Forward Half Cargo Barrier RRP \$622.00

Part No: RV-HCB-FWD

Forward Twin Floor RRP \$805.00

Part No: RV-FTF

Forward Twin Floor & Forward Cargo Barrier Available for: 100, 200 Series Landcruiser, 76 Series, 150 Prado and GU Patrol

CARGO BARRIER

For superior safety and maximum storage inside your vehicle.

CARGO BARRIER

RV Storage Solutions design and manufacture ADR Rated half barriers to suit most vehicles. The RV Storage Solutions half barriers are designed to be installed with RV Storage Solutions drawer systems only. The barrier has been put through exhaustive crash testing (AS/NZS 4034.2:2008) and is rated to 60kgs any single mass. It is also airbag deployment compliant.

TOP SHELF / DIVIDING BARRIER COMBO

Maximise space usage with the RV Storage Solutions Top Shelf and Dividing Barrier Combo. They make useful storage space for light items such as sleeping bags, bedding, clothes etc. Cumbersome goods that are always in the way. The Top Shelf & Dividing Barrier Combo has been crash tested and comes rated to ADR standards to carry 30kgs.

The Combo is available to suit most popular makes and models when fitted with an RV ADR compliant barrier only.

Cargo Barrier 11kg (200 Series) RRP \$622.00

Top Shelf & Dividing Barrier Combo 13.5kg RRP \$640.00

Top Shelf 9.5kg RRP \$511.00

Child Restraint Bracket (Supply only) EACH RRP \$27.00

ADR child restraints (circled) can be fitted during manufacture or ordered separately.

HEAVY DUTY SLIDES

TILT SLIDE COMBO

Exclusive to RV Storage Solutions, the NEW Tilt Slide Combo is the fridge slide access system everyone has been looking for. It is a complete slide and vented fridge barrier in one product!

Featuring full aluminium construction this gas strut assisted slide gently and safely tilts your fridge to an angle that makes accessing the contents easy. When completely tilted, the mechanism locks into place. It cannot descend on its own, making it safe for all ages to use. Raising the fridge is effortless also. The fridge weight is counter balanced by the gas struts. Simply flick the locking lever and begin lifting the slide. It will float upwards, then slide back. With interchangeable gas strut dynamics to match your load, life just gets easier.

The built in Cargo Shelf allows cargo to be stored on both sides and on top of the fridge while the vent holes punched side panels allow for plenty of ventilation. No more hassles with gear falling behind your fridge when the slide is extended.

This Combo is compact, light and great value! One purchase does it all and its only 25kgs in total weight!! Great news for helping with your GVM. Best of all, they are made in Australia by the Oliver family so you know they're good.

- All aluminium construction
- 250kg rated slide runners
- Gas strut assisted
- Tough ripple finish powder coating
- Sizes to suit Engel 40 litre, Engel 60 litre and larger Waeco fridges.

Tilt Slide Combo-1 RRP \$804.00

INBUILT FRIDGE SLIDE

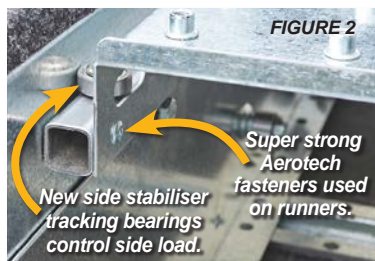

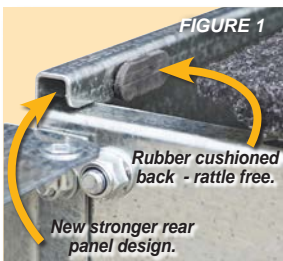

Flush mounted with smooth action, our custom inbuilt fridge slide is hard to beat.

All fridges on the market fit on this slide with weight not an issue as its rated to carry 100kg.

The best thing about our inbuilt slide is that when your fridge is removed from the vehicle, you have a nice flat floor which is great when you need to carry other cargo.

With spring loaded flush mount stainless steel tie downs and a set of RV fridge restraint straps, you're on the road and travelling safely.

Available for Twin Drawer only in 800mm, 900mm, 1000mm and 1300mm lengths, and on either the passenger or drivers side depending on your requirements, the heavy duty inbuilt fridge is a popular choice.

ABOVE: Heavy Duty Inbuilt Slide is load rated to 100kg.

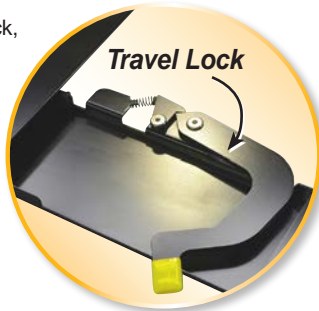

RV-IBFS 800/900mm	RRP \$375.00
RV-IBFS 1000mm	RRP \$407.00
RV-IBFS 1300mm	RRP \$429.00

FREE STANDING FRIDGE SLIDE

Our PREMIUM heavy duty slides feature our unique Travel Lock, making them the toughest in the business. The Travel Lock mechanism prevents any slide movement during rough travel which can cause damage to the slide runner's built-in lock-in, lock-out mechanism. This makes our fridge slides virtually bullet proof.

Rated at a high 250kg capacity of evenly distributed weight, they offer full extension, suiting a variety of uses.

These high quality heavy duty units come with a full 1 year warranty.

Travel Lock

The RV-FS-3.5 fridge slide gets those BIG Waeco CFX fridges out where they are easy to access.

INSET: Our design Travel Lock prevents slide movement.

Slides - all purpose

RVSS offer a range of slides, from the Heavy Duty 250kg rated slides to the All Purpose (AP) range rated at 125kg.

Our All Purpose slides have TWIN LOCKING RUNNERS feature a built in lock-in / lock-out mechanism and full extension for maximum clearance from the side of your van or RV.

Rated at a high 250kg capacity our Battery Slide offers full extension, suiting a variety of uses. These high quality heavy duty units come with a full 1 year warranty.

All Purpose Slide EL-AP-1

A great little slide from RV with Twin Locking 125kg rated runners. This slide is ideal for Weber BBQ's (comes with restraint fittings for the webber Baby Q).

EL-AP-1 **RRP \$268.00**

Size O/A: L750 x W345 x H80mm (over all)
L710 x W293mm (tray internal)
Weight: 13.2kg

All Purpose Slide EL-AP-2

Another great little slide from RV with Twin Locking 125kg rated runners. This slide is suited to the 1 and 2 HP Honda generators. The tray is pre-drilled so you can attach the generator from underneath. It's a great anti theft deterrent and also locks down the gen set. The slide tray is also pre-drilled for Honda 1 and 2 gen set mounting also.

EL-AP-2 **RRP \$246.00**

Size O/A: L528 x W342 x H80mm (external)
L496 x W284mm (tray internal)
Weight: 6.5kg

RV EcoLite® TWIN DRAWER SYSTEMS

ABOVE: EcoLite EL1400 Twin Drawers fitted to a Holden Colorado.

RIGHT: Proprietary Chrome steel dual row bearings and black powdercoated Slam Latches.

The rugged all-steel construction of ECOLITE drawers will keep your gear neat and organised for years to come with no rattles or clanks.

We have been making the indestructible RV **Premium** range of drawer systems for many years but realise the need in the market place for a more economical range of drawer systems with a lighter footprint.

New vehicles demand a lighter payload but consumers still want a robust and tough storage solution.

Well that unique combination is now available!!! RV **EcoLite** is here.

Using construction methods only seen in the Aeronautical industry to date, we have designed a smart, light and tough, full steel roller bearing twin drawer storage system, that's also light on the hip pocket.

Features in the RV **EcoLite** include:

- Carpet lined Cross braced drawers
- Fully carpeted drawer fronts
- Sealed double row roller bearing on stainless steel action
- Interchangeable wing kits
- Full 18mm thick floor with UV friendly carpet
- 12 months warranty

Plus it's made right here in Australia by the Oliver family who have been making storage systems for almost 25 years.

The RV **EcoLite** storage system is also smart !!! All of the RV **Premium** accessories such as fridge slides, cargo barriers, top shelf combos, child restraints etc, are available for and will fit to RV **EcoLite**.

ABOVE: Ford Transit Van with Ecolite 1400 drawers and Ecolite van racks complete with plastic tubs and lockable security tool door. (Racks also available for Utes)

RV EcoLite® vehicle accessories

Rugged all-steel construction, like all RV products, to keep your business on the move.

Ecolite drawers, Van and Ute Racking and Cargo Slides will get you organised and handling cargo and tools safely.

The Cargo Slide extends a full 1020mm making access to the generous floor (L1330 x W1050) of the slide a breeze.

All-steel roller bearing runners will handle up to a 400kg load and incremental slide extension locking points allow the tray to be extended as far as necessary.

Our Van and Ute Racks keep all your small parts in an orderly fashion and will accept all standard Fischer tubs.

VAN RACKING KIT *(shown above)*
